THE TECH, BOSTON, MASS., MAY 21, 1913

THE ADVANTAGES WE OFFER

Progressive methods, large resources and two conveniently-located, thoroughly modern bank buildings, enable us to make this institution the most desirable depository in New England.

Interest-bearing accounts subject to check may be opened either at Court Street or Temple Place, and the two offices used interchangeably for the transaction of your banking business.

You are cordially invited to inspect the modern Safe Deposit Vaults at either office.

THE CABOT MEDALS ARE AWARDED FRESHMEN

Physical Examination Charts May Now Be Obtained at the Dean’s Office

The Cabot medals, for the greatest improvement in physical training, have recently been awarded, and the fortunate men to receive these honors and medals were W. C. Kemal, H. H. Porter, H. E. White, B. C. Robinson, F. E. Goodell, and E. R. Melton. The committee which awarded the medals consisted of Dean Robinson, F. E. Goodell, Samuel O. Pratt, Frank M. Rinaldi and Henry Pay. Honourable Mentions were given to five other men, as follows: G. D. Armstrong, W. A. Strangman, H. Lavin, H. P. Clasen, and H. Benett.

The courses for the first year men are now ready and they may be obtained at the Dean’s office upon application.

COMMUNICATION

To the Editor of THE TECH:

I have received the following additional detailed in regard to the "student camps" to be held during the coming summer which may be of interest to some of your readers. The camps are, of course, for the benefit of the students of the Institute and not only the members of the student organization.

On account of a number of requests for the shortening of the period of the camp, many students stating that they could not attend the entire period, it has been decided to change the date of expiration of the Gettysburg camp from August 29th to August 15th, and the Monterey camp from August 15th to August 8th, making in both places a camp of about six weeks, starting July 7th and July 1st respectively.

The instruction given will consist of real military exercises, such as camping, marching, field individual practice, frequent practice for health, camp care of the person, maneuvering over sand under simulated battle conditions, tactical tactics, etc., as certain conditions may arise in battle being assumed, the student states what he would do under the circumstances and how in command of the unit. Instruction will be given in target shooting with an arm and rifle. The National Rifle Association of the United States will give to those students making the requisite course in the prescribed course the National Association hunting membership.

"The troops of the Regular Army, which it is contemplated sending to this encampment include a battalion of infantry with band, a troop of cavalry, a battery of field artillery, a detachment of the Signal Corps, with special things in Haberdashery.
