REFRESHMENTS, Speakers and Entertainments To Be Provided.

Tonight at 8 o'clock in the Union, annual reception to the Freshmen will be given by the Technology Christian Association. This is an annual event, and it is practically the only opportunity for the Freshmen to come out and get acquainted. The social tonight will not be a strictly Freshman gathering, and it will be attended by men of all classes.

The T. C. A. is one of the largest student organizations in the school, and its officers of the Association have been busy arranging the program for tonight. Refreshments will be served, and several speakers will be on hand to hold the attention of assembly. Among these will be Dean Morton, whose friendly talks are always heartily welcomed by the students. Mr. L. G. Talbot, the General Secretary of the T. C. A., will also speak to the Freshmen, and he will probably introduce to the students Mr. Frederic H. Blair, his new assistant. Mr. Blair, who is a graduate of the University of Minnesota, and who has already had several years' experience in college Y.M.C.A. work, will undoubtedly have a few words to say also.

Of the undergraduates, T. H. Argent '14 and A. C. Dorrance '14 will give talks, telling the new men interesting facts in regard to the various student activities. Plenty of music will be furnished, and the Freshmen will be given their first taste of Tech songs.

The officers of the T. C. A. hope that not only a large number of Freshmen, but also a good proportion of the upperclassmen will attend the meeting. The T. C. A. wishes to give the entering class a good reception, and by active co-operation on the part of the other classes, the affair will undoubtedly prove a great success. The social is free to everyone in the Institute.

CROSS COUNTRY WALK

All Cross Country Men Expected To Report.

The first training walk of the year for Cross Country Men will be held this afternoon. There will be two squads: T. C. leaving the Gym at 4:00 and the other at 5:00. Both squads will return to the Gym, so hags, boots, socks, and coats may be left there.

As this is the first walk of the year, and part of the regular training, all Cross Country Men should attend.

FRESHMAN MEETING

A Freshman class meeting will be held in Huntington Hall today at 7 o'clock. All Freshmen are expected to attend as some very important business is to be transacted. Among the matters that will be taken up is the adoption of the class constitution. The meeting will also be for the purpose of getting up some class spirit for the Freshman dinner on Saturday night.

1916 FOOTBALL TEAM

available man turn out with football clothes to start work.

TECH CHINESE STUDENTS

Tech Men Take Prominent Part At Cornell Conference.

At the Annual Chinese Students' Conference, which was held this year at Cornell University, Ithaca, Techology was represented by a delegation of eleven men. The following five were elected to office: T. C. Hai, Vice-President; W. G. Loo, Treasurer; V. F. Lam, Chief Manager of the Chinese Students' Monthly; C. C. Chu, Editor-in-Chief of The Chinese Students' Quarterly; M. C. Hon, Chief Manager of the Chinese Students' Quarterly; Z. Y. Chow, Corresponding Secretary.

In the past five years Tech men have always been the most prominent and useful members of these Conferences. Nine of the Tech men served on the various committees during the last year.

The annual T. C. A. reception to the new men promises to be interesting, and these evenings there will be a series of conferences, the program for which may be obtained from Mr. Kieckel. Nos. 44 Walker. He also emphasized the importance of each man choosing a church to attend regularly, and making himself known to the clergy.

Mr. Kieckel of Trinity Church next gave a hearty welcome to the men. Mr. Van Etten welcomed the students at Trinity House. About forty students attended and were well received by Mr. Van Etten of Trinity and by Mr. Kieckel, director of the Tech Chapter. After the men had started their cigars and had become acquainted with one another, Mr. Kieckel gave a short talk of welcome to the new men. He said in part that the reception had been made possible through the kindness of Doctor Mann, rector of Trinity, who had of his own free will given the use of Trinity House for the reception.

The house will be open every Thursday evening to all Tech men. Of course, members of the class spirit for the Freshman dinner on Saturday night.
