The event will be divided into two parts, the first being the sprints, and the second being the relay races.

T. C. A. Cabinet

Budget for Coming Year Approved—Large Appropriation Made

The Cabinet of the T. C. A. had a meeting yesterday afternoon, and voted to accept the budget for the year 1913-1914, proposed by the finance committee. By acceptance of the budget, the T. C. A. Cabinet authorizes the expenditure of $1,000, and the raising of the amount of $1,000, of which $100 is to be set aside for expenses. The T. C. A. Cabinet authorizes the expenditure of $1,000, and the raising of the amount of $1,000, of which $100 is to be set aside for expenses.

CIVIL SOCIETY HOLDS INTERESTING MEETING

Prof. Breed Delivers Lecture—To Inspect New Paine Building.

Following the regular business meeting of the Civil Engineer Society last evening in the Union, President Breed of the Civil Engineering Society addressed the Society on the subject of the Grade Crossing Elimination Work in Lynn, Mass. He concluded by giving a brief history of the reconstruction work. He told of the disagreement between the railroad company and the town, and the steps that were taken to change the plans. The people of the town agreed to pay half the cost and the railroad company the balance.

During the lecture Professor Breed showed stereopticon views of the construction work, of the concrete work, and of the pressure of the men. A picture of a painted in advance to show the people of the town the way that the completed street would look. The speaker explained that it was sometimes difficult for a contractor to give a good idea of the finished structure by the use of plans. In this case the railroad company had an artist paint over a picture of the main street and put in place the structure as it would look after the work was completed.

Hill Elected Captain of Sophomore Football Team.

At a meeting of the 1916 Football Team this afternoon on Lucas Hill, course II, was elected captain on the second ballot. Aside from the usual business the team as a whole elected a captain for the season.

MECHANICAL SOCIETY

Date of Smoker Changed—To be Announced Later.

October 23 or 24 has been set as the date for the smoker of the Mechanical Engineering Society. Arrangements have been made for a very enjoyable evening. The smoker will include members of the Department of Mechanical Engineering and others. The cost of the tickets will include a variety of subjects, some having direct connection with the courses being given at the Institute.

Members of Course II, and Course III, will be welcomed and the reception of the students will be informal. The smokers and eats will be provided and a large attendance is expected.

That the T. C. A. talks are well appreciated is shown by the crowd that attends.
