**Physical Laboratory Note-Books**

Students desiring to obtain their physical laboratory note-books are requested to call for them at once in Room 16, Walker.

The Sophomore Ballot dispute has gone to higher authorities and has been satisfactorily settled.

**Alterations of Second-Hand Uniforms**

A representative of the uniform contractors will be at the Armory during the Wednesday drill periods, Oct. 22 and Oct. 29, to take charge of all parts of uniforms requiring alteration as to fit or ornamentation. Students are at liberty to have the work done anywhere providing it is done properly but arrangement has been made to have this work done by the contractor at rates which are reasonable and probably cheaper than those charged elsewhere. This work should be attended to at once as when the new uniforms arrive the workmen will have all of their time occupied by work on them and excuse will not be accepted for work delayed through carelessness. The address of the tailor employed for this work is James Greaves, No. 27 Causeway St. You can go there, but will save trouble by turning in the articles at the Armory not later than October 29th, and better still on the 22d.
