PEACE PLAN OUTLINED
BY T.C. A SPEAKER
SHOWS ADVANTAGES TO BE GAINED
BY WORLD PEACE—FUTURE
SPEAKERS.

With Mr. Bryan's Plan for World Peace as his subject, Mr. J. K. Tyrcon of the Massachusetts Peace Society delivered an interesting lecture in the Union yesterday.

Mr. Tyrone spoke first of the coming Intercollegiate Oratorical Contest, in connection with the International Committee of Inquirers, to which the Tech has been invited to send a team. The contest will be held over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an important meeting for both teams. The game that the Tech will hold over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an important meeting for both teams. The game that the Tech will hold over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an important meeting for both teams.

The Mechanical Engineering Society will hold its annual reception to new men tonight at 8 o'clock in the Union. The reception will be very informal. Professor Miller and Mr. Johnson, secretary of the Tech Board of Visitors, will speak at the reception.

After the program, which will consist partly of music, there will be speeches and refreshments served. All members of the three upper classes in Courses II and IV are cordially invited to be present.

SOPH FOOTBALL TEAM
SECRET SCRIMMAGE WITH BOSTON LATIN TODAY.

This afternoon the Sophomore Football Team will meet the strong Boston Latin School aggregation at the National League Ball Grounds on Columbus Avenue. The contest will not be in the form of a regular game, but will be secret scrimmage for both teams. The game that the Tech will be a part of will be held over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an important meeting for both teams. The game that the Tech will hold over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an important meeting for both teams.

Regular practice yesterday consisted solely of scrimmages. About twenty candidates turned out, and these were split up into two teams. The new men were separated from those that would make up a record-breaking team. Coach Kanlaw seemed to think that unless a considerable improvement is shown before Field Day that the team will not be able to up to the standard of the usual team put out by the Sophomore classes in former years.

SOPH RELAY TRIALS

Today is the third rehearsal of the Mandolin Club and the prospects for the coming year is encouraging. The next rehearsal will be held Monday afternoon in the Union at 5:00.

MANDOLIN CLUB REHEARSAL

A regular rehearsal of the Mandolin Club was held yesterday in the Union. A good number were present last night and several selections practised. This was the third rehearsal of the Club and the prospects for the coming year is encouraging. The next rehearsal will be held Monday afternoon in the Union at 5:00.

NEW BOARD TO MEET

There will be an important meeting of the New Board of THE TECH in the upper office at one-thirty this afternoon. All men on the board are expected to be present.

TECH NIGHT TO BE HELD AT THE SHUBERT.

"Honey-Moon Express" With Al Johnson—Ticket Sale Announced Later.

Arrangements have been completed with the management of the Shubert Theatre for Tech Night. The "Honey-Moon Express" will be presented with the popular Al Johnson in the leading role. The announcement of the ticket sale will be made later through the columns of THE TECH.

After all the athletic events of Field Day have been run off, the men of the Institute prolong the spirit of the day by attending some show in a body. Previous arrangements are made with some popular theatre for most of the seats, and these tickets are placed on sale at the Institute show room before week. The Sophomore sits in one section and the freshmen in another, thus keeping up the spirit of friendly rivalry. Although the majority of those who attend are from the lower classes, the others are by no means unrepresented.

SOPH TECH DISSOCIATION

SECRET SCRIMMAGE WITH BOSTON LATIN TODAY.

This afternoon the Sophomore Football Team will meet the strong Boston Latin School aggregation at the National League Ball Grounds on Columbus Avenue. The contest will not be in the form of a regular game, but will be secret scrimmage for both teams. The game that the Tech will be a part of will be held over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an important meeting for both teams. The new men were separated from those that would make up a record-breaking team. Coach Kanlaw seemed to think that unless a considerable improvement is shown before Field Day that the team will not be able to up to the standard of the usual team put out by the Sophomore classes in former years.

TRAVELING TABLE

Plans are now under way for the establishment of a traveling table for the cross-country men. The arrangements if concluded as planned will result in the men starting in on Monday. The trials will be held over the Tech course next Saturday and with a meet with Holy Cross or Williams in view for the following Saturday the table will be an essential part of the training.

"The scramble with the Juniors yesterday would seem to show that the freshmen should acquire a little more team spirit if they expect to win Field Day.

DINNER FOR ALL MEN
OF CHEMICAL COURSES

Prof. Norris of Simmons College To Be Speaker of Evening—Tickets 50 Cents.

The Chemical Society Dinner, which will be held at 6:30 tonight in the Union is to be a "get together" and get acquainted meeting. The officers of the Society extend a cordial invitation to all freshmen and upper classmen taking chemical courses. This occasion will give the men a chance to meet the other men of the course and also the professors and instructors in the department.

Mr. Colton has promised that the dinner will be of a high order and in addition plenty of fine smokers will be provided.

The speaker of the evening will be Dr. Norris, Professor of Organic Chemistry at Simmons College. He was formerly Professor of Chemistry at the Institute and was at one time President of the Technology Club. Those who hope to have the chance to speak before declare his talk as exceedingly interesting.

Everyone who is a chemicl course or who enjoy a good dinner and good company is cordially invited to the dinner. If anyone is unable to get a ticket, he may purchase it at the door.

GLEE CLUB REHEARSAL

Music Should Be Obtained At Cage For Today's Practice

The new music for the Glee Club was put in the Cage yesterday after long deliberation by the part of the members. The Club has two big numbers coming along splendidly and work is being done to make them encore.

All the men are to get the new music that the Cage and any who still have not copy of the piece which has been worked on should get one of the Cage members to see that you get the music. The Cage asks all men to be sure and bring the music.

The men have but a short time to show their value and all music must be made within a week. The officers say that the men are taking hold with a good deal of enthusiasm and that the prospects of a successful year look good.

Aspirants for the quartet should give their names to the manager at once as the quartet will be selected from these applicants, if they are of the proper calibre. The rehearsal to-day is at 5 o'clock sharp.

WEATHER

For Boston and vicinity: Friday, unsettled, probably rain: moderate easterly winds.

Coach Kanlaw seemed to think that unless a considerable improvement is shown before Field Day that the team will not be able to up to the standard of the usual team put out by the Sophomore classes in former years.

SOPH RELAY TRIALS

About Twenty Took Trials—Time Rather Slow.

The preliminary trials for the Sophomore Relay Team were held at the Field yesterday afternoon under very favorable conditions. The track was in very good form and very light wind was blowing. About twenty men took the trials, but all that were expected did not come out. About half the men did satisfactory work, but the times were far from those that would make up a record-breaking team. Coach Kanlaw seemed to think that unless a considerable improvement is shown before Field Day that the team will not be able to up to the standard of the usual team put out by the Sophomore classes in former years.

This was the third rehearsal of the Club and the prospects for the coming year is encouraging. The next rehearsal will be held Monday afternoon in the Union at 5:00.

NEW BOARD TO MEET

There will be an important meeting of the New Board of THE TECH in the upper office at one-thirty this afternoon. All men on the board are expected to be present.

1911 RE-UNION

The Class of 1911 is to hold an important reunion in the Union on Monday evening, November 1st, at 7:30. A good time is promised, and it is hoped that many of the class will find it possible to be present. The price is $1.50 per plate.

OUTLOOK

Acids and alcohols—last year's crops. This year's crops, however, are expected to be better. The outlook for the coming year is very favorable. The crops may be expected to be better than last year.

Outlook for the coming year is very favorable. The crops may be expected to be better than last year.
