FALL HANDICAP MEET
TOMORROW AT 3 P. M.
Entries Still Open—Cross-Country Men To Run, Rain or Shine.

Tomorrow the Annual Fall Handicap Meet will be held at the Field at 3 P. M. A large number have entered. In the sprints, Wilson, Wilkins, Loomis, Williams, Winton, have entered; in the distance events practically all of the Cross-Country men have entered. The entries are still open and will be until further notice. Generous handicaps are to be given so that the results will probably be very close. The admission charge will be 25 cents. The Cross-Country Team will run Saturday, rain or shine. If the weather is favorable the men run in the Meet, otherwise the work will probably consist of a road run.

T. C. A. TALK
(Continued from page 1.)
made and a great loss of life and property resulted.
Mr. Tryon cited another case, and one which is probably unfamiliar to the greater number of people. During the recent Russo-Japanese war, a Russian fleet cruising near the shores of Norway was warned against a squadron of Japanese torpedo boats. At the same time a fleet of English fishermen were engaged in their work in the immediate vicinity. The Russian admiral, through a misunderstanding fired upon these innocent fishermen, and as a result killed two and injured others, and causing a great loss of property. The admiral, in place of communicating with Lord Lansdowne, went on as if nothing had happened. As a result, when the word reached the English government, preparations were made for war, and a bitter dispute took place. This trouble could have been settled by the International Committee of Inquirers and Inspectors, agitation and money saved. This is only one of the many instances where the committee would have served its purpose.

The speaker then took up the more theoretical side of the question. He said that much credit was due the French people for their keen perception of the science of international law and peace. They have, he said, a faculty of judging questions of international consequence that is not characteristic of the people of other countries.

In closing, Mr. Tryon spoke of the success with which the Peace Movement is meeting. He told of the rapid growth of the organizations and related how the German representative had informed the movement with the authority of his home government, which is known for its attitude toward war.

The following dates were announced before the meeting adjourned:
October 30, Mr. Butler.
November 6, Capt. Seeley, the Zulu Prince.
November 13, Rev. N. M. Thomas of the Old South Church.
November 20, A. E. Weil. His subject will be "Some Glimpses of the Underground."

The tennis courts at the Field are in good condition.

THE TECH BOWLING HEADQUARTERS

THE TREASURE OF THE SENIOR CLASS
has recently posted the list of names of the members of the class who have not paid their club dues. The list is up to date and contains the record of each member for the four years. Beside each name and in the column designating the year a check mark is placed when the man's dues have been paid.

The Senior List is the only one of the four class lists that has been posted as yet. There is a special bulletin board in the Union reserved for this purpose, and a place left for each class treasurer's report.

There is to be an investigation of the language used by Harvard students.
