**PHYSICAL LABORATORY NOTE-BOOKS**

Students desiring to obtain their physical laboratory note-books are requested to call for them at once in Room 16, Walker.

All books and amounts unclaimed after November 1st will be destroyed.

E. H. Goodwin.

**ALTERATIONS OF SECOND-HAND UNIFORMS**

A representative of the uniform contractors will be at the Armory during the Wednesday drill periods, Oct. 22 and Oct. 29, to charge all parts of uniforms requiring alteration as to fit or ornamentation.

Students are at liberty to have the alterations as to fit or ornamentation. All parts of uniforms requiring alteration during the Wednesday drill periods, contractors will be at the Armory.

Rommers Dinner TO BE GIVEN

Friday Evening, November 14, Date Decided Upon—Everybody Welcome.

Arrangements for the Rommers Dinner of the Tech Show are already under way. Friday evening, November 14, is the date which has been set aside for this event, and as usual a good time is promised. Friday evening has been picked out especially so that all the out-of-town students who would be unable to attend on a Saturday evening may do so. The object of this dinner is to arouse interest in the Show among the student body, and it is one of the most widely attended events of the college year. The dinner is open to all men in the Institute who wish to come and enjoy a good “feed,” a “swell time,” plus a knowledge of the Tech Show and the position it holds in student activities. The plans for the year will be discussed at the dinner, and the different managers of the respective departments will outline the work which comes under their supervision.

All men from all courses and from every year are invited, and therefore the Show Management requests that the night of November 14th be left open for the Rommers.

**FACULTY NOTICE**

There will be an hour exam in Mr. Carb’s section of Second Year English on Saturday, Nov 1, at 9 o’clock.

**FOUND ARTICLES**

Articles enumerated below have been found. Owners of same may obtain them at the office of the Sup’t of Bldgs. and Power, 26 Trinity Place.

1 Umbrella.
1 Square.
1 Pair Gloves.
1 Key.
1 Felt Hat.
1 Pen.

You will find as you go through life that earnestness of purpose is the mainspring of success, and that if you set your mind on attaining any object within reason, you will, if you keep on trying, eventually succeed in attaining it. I am a firm believer in the French proverb, “Tout vient a l'heure” because I have tested it, and have never yet found it fail to be correct.—Waddell.

In all your work develop and employ constantly such a perfect system of checking and counter-checking as will render you as nearly absolutely proof against making mistakes as it is possible for fallible humanity to become. By so doing you will save yourselves infinite worry and trouble. I know of no more unpleasant sensation than that which one experiences immediately after ascertaining that he has made a blunder; and, moreover, the sensation does not pass away as quickly as one might wish. I have known cases in which the duration extended over years.—Waddell.

By all means do not fail to cultivate the ability to write and speak your mother tongue correctly, forcibly, and even elegantly. Even an engineer has frequent use for this power, and his ability as an engineer is continually being judged by his written and spoken language.—Baker.

**L. P. HOLLANDER & COMPANY**

THE RECENT REVISION OF THE TARIFF will enable us to put the very best quality of imported cloth into all of our goods. The Men's Clothing Department is full of these English, Scotch and Irish materials and also some of the new green waterproof cloth from Switzerland.

All of our clothes, both custom made and ready-to-wear, are distinctive, exclusive, correct and becoming.

We invite an inspection of this Department by all Technology Men.
