MINING SOCIETY TO HOLD FIRST MEETING

Prof. Richards Will Be The Chief Speaker—Sophomores And Juniors Invited.

The Mining Engineering Society will have its first meeting tonight. Prof. Richards, who is at the head of the Mining Engineering Course at the Institute, will speak. Sophomores and Juniors are invited to attend. The meeting will be held in the Union at eight o'clock. Prof. Richards has taken a subject—"Mining Experiences." He is in a position to give the practical side of Mining Engineering and this subject may be perhaps far removed. He also intends to discuss the mining articles which appear in scientific magazines, taking up their importance in presenting mining problems. There will be other short talks during the evening which will have their own particular interest for those present. Refreshments are to be served directly after the meeting. The Society desires as many Sophomores and Juniors in Course 113 to come as possible, and get a good idea of the advantages which are open to them.

FALL HANDICAP MILE RUN

Yesterday the mile run of the Fall Handicap Meet was run off at 4.30. The handies were generous and Brock '17, running from the 125-yard line, finished a good 100 yards ahead of the next man. Of the latter, C. T. Guething showed up the best, finishing fourth. Enesbuske '15, the leading scratch man, before the scratch men. Of the yard line, finished a good 100 yards ahead of them. This was the second race in the series.
