You fellows know what that means! We've been very successful in this regard with Fatima Cigarettes. By the way, these cigarettes were first sold in the college towns—and you agreed with us that they were good.

Then we put out for the big race, to make Fatimas of nation-wide reputation, and today more are sold than any other cigarette in this country.

No purer, or more carefully chosen tobacco grows than that in Fatimas. We purposely put them in a plain inexpensive wrapper—in this way we can afford quality tobacco, and twenty of the smokes for 15 cents.

Now your college crew is of utmost importance to you—to is a good cigarette, and it's your aim in life to keep Fatimas in the lead—right up to their good quality, right up to where you first found them, and will always find them.

Success fellows! You started this cigarette on its successful career—and you pull a strong oar all over this country.
