Great Preparations for Mass-Meeting

Orchestra To Play—Fusing Section
Reserved—Good
Speakers.

Preparations for the mass-meeting Saturday night are progressing without a hitch, President MacGurk, Mr. Littlefield and Dr. Rockwell are reported to be working night and day preparing their addresses for the next occasion. The Tech Orchestra will be there to make its first appearance this year, so the Tech songs will not be the only good music afforded. Leader Tallman of the Glee Club has promised to lend the singing.

Not only are all Tech men invited to this gathering; they are urged to bring their friends, without distinction as to sex. In fact, a "fusing section" will be reserved, as in the "Was Ist Los" entertainment last year.

The classes will be seated separately, and given a chance to practice, or rather, to show off, their class cheers.

Someone suggested bringing extra chairs into Huntington Hall to try to accommodate the crowd, but it was decided that the late corners deserve to stand up. The security issue of THE TECH will be on sale at the door for the benefit of him who has not secured one for himself, or who wishes to present his companion with one.

To the great ground gainers. Miller is playing a fast game at half-back; he skirts the ends well and hits the line low and hard. Je wett, although a trifle slow for a backfield position, has improved greatly and is likely to tear off some long runs around the ends. Dawson was not in the lineup the other day, his injury still kept him out. However, it is almost certain that he will be able to play today. If he is not used, Roger will very likely fill his position. Ro per is rather light, but he is fast and gains yards quickly. He did well last year and should prove as good today.

At quarter Allen will be used, with Roper as substitute in case he is injured. Allen does very well on runs around end, handles the ball cleanly and his forward passes are accurately placed.

Krrigger at tackle is depended upon to gain much of the ground, and it is expected that Captain Hill will also be tried with the ball.

1917 Football

The Freshman Football Squad has been working with spirit and enthusiasm since early in the season, and their chances for winning are very good. Their line has shown itself very strong on the offense, although rather poor at times on the defense. The ends have been showing some fine form during the more recent practices.

In the backfield Parmsworth is very fast and a sure tackle. He starred in the scrimmage with 1915 on October 25. At left half Thompson excel s in line playing, being consistently strong and quick. He earned his place on the 1917 in both the 1915 and the Somerville games. Wiston, at right half, is very fast and should be able to tear off some good end runs.

The team will wear a uniform, consisting of red jersey and stockings with gray stripes when they appear on the field today.

Band to Meet in Union at 1:30 Today

Sousa Brocks Famous Aggregation to March with Seniors—Cars Leave at 2 O'Clock

Today at 1:30 o'clock the famous band led by Sousa Brocks is to meet in the Union. From the Union the band will march to the Copley Plaza and there the Seniors are to leave for the Field promptly at 2 o'clock. Yesterday afternoon, in response to the call, about 20 able players turned out in the Union and, by their efforts, quickly proved that the band was in the hands of those who were appreciated by all who heard them. Nearly 200 tickets have been sold, and there are still a few left. Special cars leave the Copley Plaza at 2 P. M.

Tug-of-War

(Continued from page 1.)

had done in interesting the squad, which was so necessary for any kind of practice.

Of the members of last year's team we find the following: Bickford, Hunsick, Curtiss, Pills, Fletcher, McRae and Spear. The team has its anchor Jackson, who tips the scales at 200 pounds.

In comparing the two teams we find they have been coached on entirely different methods. The Sophomore Team, while it lacks enthusiasm, the Freshmen have, average 5 pounds to the man heavier. This extra weight, together with their past experience, should undoubtedly prove of great value to them this afternoon.

As the 1916 Tug-Of-War Team lost last year, the men will go out on the Field full of vim and determination, realizing that to uphold the honor of the class the team must at least win one of the Tug-Of-War contests in their college career.

1917 Tug-Of-War

After five weeks of faithful training the Freshman Tug-Of-War Team is ready to take the field and try to win renoun by pulling the event of the day. The Sophomore Team are to help the Freshman Tug-Of-War Team to help the Freshmen Tug-Of-War Team to help them this afternoon and help their classmates prevent 1916 from winning the Tug-Of-War Contest in the Field Day Cup.
