SQUARE DEAL FOR FOREIGN IMMIGRANTS

Thomas emphasized the fact that knowledge of them. Mr. Thomas emphasized the importance of immigration to this country. He said that the work which the immigrants are doing to build up the country and the problems of coexisting between the different kinds of foreigners are very interesting.

He said that the reason for immigration is due to the desire of the immigrants to have a better life. They come here because of the chance to do better than they could do at home. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system.

On account of religious persecution as well as on account of the chance to do better than they could do at home. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system. All engineers are likely to be on the backbone of America's industrial system.
