COLLEGE NEWS

A big fight is being waged today in the Ohio Football Conference for highest honors. The teams have shown themselves to be evenly matched and the games are rivaled only by the big eastern games. Case School of Applied Science sends a trainload of rooters to Ohio State University where the principal game is to be staged.

Cornell has recently adopted a new system for lowering to a minimum the number of absences. If a person has missed a class for any reason whatever he is given a grade of zero. This grade, however, may be eradicated in the following manner. Two weeks behind the regular classes another class meets at five o'clock in the afternoon. Anyone who has missed a class has the optional opportunity of attempting this "make-up" class and receiving. The grade he receives this time replaces the zero. The fact that the class meets two weeks after the regular recitations, and also the inconvenient hour of recitation, makes the student reexamine his lesson and makes him deliberate and think more seriously before he does a class. In fact, Cornell authorizes the statement that this system reduces the cutting to practically nothing. Exchange.

To decide a question which has been pending for seven years, the Michigan Daily forced the question of Michigan's return to the Western Conference to a popular vote of the students, faculty and alumni. The result was decisively against the return and Michigan will continue to play the Eastern teams.

At the University of Pennsylvania the required physical work is placed on a new basis. Instead of the regular gymnastic exercises the classes are required to spend two hours a week in any one of the following classes: basketball, track, croquet, swimming or walking. In basketball, the men are divided into teams and these teams play two games each week. In order to keep up interest in this event the two teams having the highest scores play a championship game at the end of the season and the winning team is awarded a shield inscribed with the players' names. No, cannot be hung in the gymnasium. Likewise in the other sports there are several prizes offered.

The University of Pennsylvania reports a total net registration of 6347, this being an increase of 1060 over last year. Of these 1517 are Freshman, and these teams play two games each week. In order to keep up interest in this event the two teams having the highest scores play a championship game at the end of the season and the winning team is awarded a shield inscribed with the players' names, to be hung in the gymnasium. Likewise in the other sports there are several prizes offered.

Likewise in the other sports there are several prizes offered.

The Annual Michigan-Pennsylvania football game will be played this afternoon. This game is one of the greatest if not the largest played in the Middle West. Pennsylvania is to send a special train to Ann Arbor, a custom which is always followed. The distance is eight hundred miles.

It is the intention of the corporation of McGill University to erect a series of dormitories to accommodate all the students, and to connect the neighborhood of $2,000,000. They also expect to build a new armory and a new gymnasium.

At the autumn meeting of the board of trustees of Princeton University recently, it was announced that gifts to the university of $108,842 had been received during the year.
