COMMUNICATION

The Board of Technique 1915 has of-

ficed to include in this year's Annual

the individual pictures and records of

the members of the Senior Class. The

addition of this section to Technique

would make a Senior Portfolio super-

fluous, since the scope of that book

would be amply covered by the Junior

publication.

This proposition was considered by the Executive Committee of the Senior

Class at its meeting today, and the members of that Committee desire to

bring this matter before the student

body before calling a class meeting for

definite action. Replies in the form of

communications to THE TECH or let-

ters to the undersigned will be greatly

appreciated.

For the Executive Committee of

1916.

Arthur C. Dorrance.
