CIVIL ENGINEERS TO
MAKE TRIP TO LYNN

Trip To Be Conducted By Prof. C. B. Breed—Leave Rowe's Wharf At 2:05.

This afternoon the C. E. Society will make a trip to Lynn to look over the work in progress toward the abolition of the grade crossings there. The trip will be personally conducted by Prof. C. B. Breed. Professor Breed is Consulting Engineer for the city of Lynn on this work which is one of the most stupendous of its kind. The prominent type of construction used is the covering of structural steel with concrete. Several weeks ago Prof. Breed delivered an illustrated lecture in the Union on this work.

Between twenty and thirty men are planning to take the trip. They will leave Rowe's Wharf on the East Boston ferry at 2:05, and from there will take the train to West Lynn.

LOWELL LECTURE

A large crowd assembled in Huntington Hall last evening to listen to the fourth lecture of the Lowell Institute series by Dr. Alfred Noyes. Dr. Noyes comes from Rottingdean, England, and is the author of "Poems" and "The Enchanted Island." He is presenting a series of lectures on "The Sea in English Poetry." Last evening's study was in Byron and in Coleridge. Dr. Noyes is speaking one lecture in advance of his schedule on account of the shortage of Shelley, which he combined with his last lecture. The next talk will take place Monday evening at 8:00.

CARNegie Pensions

It was announced early in the week that four hundred and four professors or widows of professors had received pensions during the last fiscal year from the Carnegie Foundation for the Advancement of Teaching. The pensions totalled $185,000. Thirty-three names were added to the pension list during the year. The endowment fund now amounts to $15,250,000 and the income annually from this is $694,000.
