Velvet

OVER the hills with dog and Velvet is companionship indeed!

Velvet, the finest leaf from old Kentucky—aged by time—the only make-sure process. The leaf crumbles in the old warehouse for over 2 years—gradually changing from green to yellow—then you get the smooth, full flavored, good tasting smoke that the southern planters themselves like. Never a bite in such tobacco.

Velvet! Don’t forget it.

LAGRIMAS & MEYERS TOBACCO CO.

Full 2 ounce tins

Eugene.

THE TECH, BOSTON, MASS., NOVEMBER 26, 1913.
