**EDITORIAL CONTEST**

Pi Delta Epsilon Committee Announces Subjects.

As announced in a previous issue of THE TECH, the Pi Delta Epsilon Editorial Fraternity is holding a contest open to all men in the Institute except those regularly on the staff of the paper.

The subjects for the editorials due this next week are as follows:

1. All editorials must have a name, address, and address of the writer on each page.

2. Each editorial must be addressed to the Pi Delta Epsilon Contest Committee, and left at the Cage office of THE TECH by 5 o'clock of the day on which it is due.

3. Each contestant must write at least seventy-five per cent of the subjects to qualify, and no more credit will be allowed the contestants who write on all subjects.

4. Contestants shall use their own judgment as to the style and way of handling each subject, but shall refer to the editorial columns of THE TECH for the proper length.

5. Two subjects will be given out weekly during the first period of the contest, the first of which will be due on Tuesdays, and the second on Fridays. The subject for the editorial due on Tuesdays will be published Saturday, and the second on Wednesday.

6. The information on which the editorials are based may be obtained from any source.

7. The manuscript of the editorials must be neat and present a good appearance.

**LATIN-AMERICAN**

(Continued from page 1.)

...munity has been working to be submitted for discussion and criticism, and will, in such form as the membership may choose, be adopted as permanent. Permanent officers will also be elected to carry on the work which has thus far been in the hands of the Committee of Five. This Committee, from whom the tickets may be obtained, and who may be consulted on anything concerning which any member desires information, are: A. G. Longoria '15, A. Alfaro '16, J. I. Mosquera '15, A. Guterriez '15, and J. R. Masferrer '15.

**THIRTY YEARS AGO TODAY IN THE TECH**

The Rogers Memorial Tablet, which as students past or present of the Institute it has been our privilege to erect is an acknowledgment of the admiration and profound affection which inspired all who came in contact with the simple, kindly nature of William Barton Rogers. The lack of any exercises to attend the formal presentation of the tablet to the Institute is to be regretted.

There is talk of founding a large university at Milwaukee, Wis. Members of the Class of 1884 returned today from a trip to the Tilly Foster Iron Mines at Brewsters, N. Y.

The B. Y. M. C. A. Gymnasium was opened a week ago last Thursday.

The Sophomores are rejoicing at having finished descriptive astronomy. The Senior mechanics and a few others, accompanied by Prof. Lanza, visited the government testing machine week before last.
