Alumni Association
Elections Being Held

Many Articles To Be Voted Upon—
Amendment To Constitution
Contemplated.

The annual election of the Alumni Association of M. I. T. is upon us.
As the graduates are widely scattered through several countries, the opera-
tion of balloting is a proscribed one, and will last until December 20. The
elections include not only the governing officers of the association, but
also nominations of representatives of the alumni in the corporation;
besides, there are some business items, such as the amendment of the con-
stitution. This amendment proposes a new form of membership to be
termed "sustaining" which will entitle the member to pay more towards
the maintenance of the Association than do ordinary members. Another
change is made desirable by the estab-
ishment last winter of the Technol-
ogy Clubs Associated, virtually a
federation of the thirty odd individual
clubs of alumni in different parts of
the country. The purpose of the fed-
eration is to bind the clubs more closely together, causing them to co-
operate in matters where their influ-
ence is important. The change in the
constitution contemplates a third
vice-president who shall be president ex-officio of the Technology Clubs
Associated.
The list of officers suggested for the
Association is as follows:
President, Jasper Whiting, '90, of
Boston;
Vice-President, Henry J. Horn, '86,
of New Haven, Conn.
Secretary-Treasurer, Walter Hum-
phreys, '97, of Boston.
Executive Committee, Joseph F.
Knight, '96, James F. McElvain, '97,
Herbert N. Dawes, '93, all of Boston.
Representatives at large, Franklin E.
Richards, '84, of Cleveland;
Charles W. Eaton, '83, of Haverhill;
Sumner B. Ely, '92, of Pittsburg;
George C. Whipple, '89, of New
York; Frank A. Merrill, '87, of Bos-
ton.
In accordance with the require-
ments of the constitution, six names
are suggested for the three places to
be filled, and selection will be made
by ballot. The candidates are Chas
M. Baker '78, Frederick H. Pay '93,
Franklin W. Hobbs '90, and John U.
Runkle '88, of Boston; Frank E.
Seaphem '97, of Dover, and Gerard
Swope '95, of New York.

The Freshman football team of the
University of Michigan has just fin-
ishcd its season with the remarkable
record of 285 points to 8 of its oppo-
ponents. This is an average of a point
a minute for five games, which re-
minds us of the old-time teams that
Hurry-Up Yost used to put out.
