Now that the students of St. Lawrence University have fully established the Honor Code with its Honor Court to try offenders against the Code, they are trying their best to revise the whole system. Good Dividends

The business-like spirit evidenced by the freshmen in organizing their basketball team and by the Advisory Council in subsidizing the wrestling team, has produced results which justify the expenditure so liberally given. The many sports are allowed to struggle along without help until they are able to stand alone, and with the help of the students and the faculty, the team is able to stand on its own. The announcement some time ago of the sale of season tickets for the wrestling meets, and the publication this morning of the terms of the sale, will make it possible to the freshmen to hold some such arrangement as the Seniors had on Field Day might be effected. A board of a small number of men, each a member of a large number of teams, could be formed. Tech.

POST-SEASON GAME ON TECH GRIDIRON

Chi Phi and Sigma Chi To Fight For Homes in Game Saturday.

The big football game scheduled for Saturday at Tech Field bids well for a crowd surpassing the famous Harvard-Yale in playing, enthusiasm and rivalry. This post-season game has been the result of the firm belief of the Chi Psi men that they can put one over on the Sigma Chi's and the Sigma Chi's belief that they can turn the Chi Psi's. Rivalry is assuming alarming proportions and disastrous results may ensue if it grows to a greater extent.

The Sigma Chi's are laying for "Cy" Guething, who is to play left end against them and they man Kelly, the tricky wrestler intends to box little "Cy" and has him worried. Guething's fear is that Kelly will try to bring some of his wrestling holds when the referee is not looking. Kelly is afraid to let Guething get away from him as he has doubts of catching him again if he does. Jevett will play in the backfield with Hopper as quarterback while Tom Guething will make the other end of the Chi Psi team. The men on both teams have played in either intercollegiate games or in interclass college games.

All the men that are not going to play are going to be out at the Field in full force and are going to "fuss." The game will probably be awarded to the teams that turn out the biggest number of "fussers." The game is open to any men in the Institute who care to go out and is free of charge to all.
