ASSISTANT TRACK MANAGER COMETITION

To the Editors of THE TECH:

Dear Sir--In the uniform Class Constitution published in your issue of December 29, there is a sentence in Article XI, Section 3, which reads: "The polls shall be opened at 8 A. M. and shall close at 6 P. M."

It is a lamented fact that at the present time only about twenty per cent of the members of any class vote, and even that small number is brought about due to a certain amount of electioneering on the part of the friends of candidates. Such was the case when the polls remained open a whole week. With the time limit diminished to one day what per cent of a class will vote? About two.

To require everybody to get around to the Union on one set date for an event like a class election, which is considered meaningless by the "dead-heads," is going to cut the number of voters at least in half. All efforts should be made towards increasing the vote in order to make an election as representative possible.

It seems to me that the framers of this Constitution should reconsider this matter and also the members of the classes who have to adopt the Constitution.

This is my interpretation of the Constitution as I read it, but it may be mistaken, and if so I would like to be set right, and would request that the wording be made more clear. Yours truly,

THE SECRET OF GOOD BATTING

is similar to the secret of good business—it happens to some and just misses the others.

If there ever was a commercial home run it's Fatima, the Turkish-blend cigarette. The expert who conceived this blend was some batter! Fatima was first lined out in the college towns—the student body quickly proclaimed them winners. Today Fatima is the biggest selling cigarette in this country.

The secret is—pure, good, choice tobacco—no expense in the package—quality all in the smoke—"Twenty."
