Tobacco That is Good
For Your Nerves

TUXEDO actually soothes the nerves. It is just mild enough to keep your nervous system in poise, your muscles in tone. Unlike other tobaccos, Tuxedo burns cool and slow. You cannot see a spark of irritation in a pound of Tuxedo.

Great singers smoke Tuxedo just before a performance. Public speakers testify to its soothing influence. Doctors recommend it to smokers whose throats are delicate.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

The secret of its superiority is the unique "Tuxedo Process," by which all the unpleasant features are eliminated from tobacco.

Another reason is that Tuxedo is made from the best tobacco grown—the choicest, mildest, mellowest leaves of the highest grade Barley tobacco.

Tuxedo is widely imitated—but no other manufacturer has succeeded in making a tobacco as good as Tuxedo. Tuxedo will give you the greatest pleasure and satisfaction that money can buy.

THE CAST-OFF'S

CLOTHIN
Bought by
Mr. Hyams

There was a demand for special "Tuxedo" tobaccos, one mild and soothing, and an eight hour daily working day was added by the Union Rules. Waiters would serve coffee in a separate room for "Tuxedo" smokers, and a sign was placed on the wall of the smoking room stating that "Tuxedo" was the perfect tobacco for pipe and cigarette smoking. The above classes will meet in 24 Lowell. All students desiring to take any of these options should consult Prof. Vogel at once, as no one can be admitted after Saturday, February 14.
