MILITARY HOP TO BE
A MONEY SAVER

Those Who Attend Get More Than Full Value for Money, Says Committee.

The committee in charge of the annual Regimental Hop, to be given next Friday, promises that every one who attends the dance will not only get more than his money's worth in real pleasure, but will also receive an actual monetary return in excess of the price of the tickets. The following figures, showing the share paid by each purchaser of a single ticket toward the different expenses, are submitted in support of the claim:

The dance is described by the committee as a "poor man's prom," because it combines all the advantages of a real dance with such a low expense.

So far the sale of tickets has been very gratifying, and from the indications it seems that this will be the best attended military dance ever held at the Institute. The committee is planning to limit the sale of tickets, and if the report which will be made today by those selling tickets is favorable the sale will be stopped. Tickets may now be obtained from all officers of the Cadet Corps.

The program commences with a grand march, in which all the military men are expected to wear side arms. After this follows a series of twenty dances with an intermission for refreshments. The music is described by the committee as "excellent." Mrs. R. C. Maclamarin, Mrs. Edw. T. Cole and Mrs. E. F. Milton have agreed to be patrons of the affair.

All commissioned officers of the Cadet Corps are required to be in full uniform, with side arms. Non-commissioned officers and privates of the Regiment are expected to be in uniform, and to wear their bayonets. Men belonging to any other corps or military organization are asked to wear their uniforms. In accordance with usual custom no flowers will be allowed.

PINK!

That's our recipe for taking the bite out of good tobacco leaf. We hang the leaf in the warehouse for two years—temperature and ventilation perfect—all hardships disappear. A mellowness prevails that gives superb flavor and a smoothness seldom found. This is the good old fashioned way of maturing good leaf—and Pink! is a startling example of tobacco goodness. Sometime when your pipe is burning hot and the taste is flat—try Pink! At all dealers.
