THE TECH

THURSDAY, FEBRUARY 28, 1914

IN CHARGE OF THIS ISSUE.

Editor—W. A. Houmer, ’15.

THE DEATH OF A STUDENT

The death of a student always causes a shock to his associates, not merely on account of the intimate relation which fellowship in Technology imparts, but because of the two-fold tragedy involved by the fact that his life and destiny were before him and must now go forever unfulfilled.

It is particularly sad when, as in the case of Shute, his life was so short and his service to Tech was of the highest order. His death is a great loss to his associates and to his classes. He was a fine student and a splendid character. He had a breadth of outlook and a breadth of sympathy which were conspicuous in his conduct of the student bureau of the student health association and in his work in other organizations. He was a leader in the student body, loved and respected by all. His death leaves a void in the hearts of his friends which it will be hard to fill.

SHOW REHEARSALS

This afternoon the first rehearsal of the Tech Show chorus will be held in room A and B at the Union. Those wishing to take part are requested to be present at 4:15.

THE WRESTLING TEAM

The wrestlers are now practicing for the Du Pont Cup. Yesterday they tackled the broad and high jumps, and in the latter event they were very successful. They thoroughly enjoy their work and the spirit of the season is very fine.

THE TECH SHOW

The cast will rehearse in the Union at 6 o'clock. A most enjoyable evening is planned along informal lines. Many of the old minstrel show stars will be present and will help to pass the evening. It is intended that all the fellows and assistant professors who went to East Machias the summer before last will help to make this a success. Steward Colton will serve one of his regular fifty-cent dinners.

SUMMER CAMP

The Course I Summer Camp of 1912 will hold a reunion banquet next Saturday in Rooms A and B of the Union. A most enjoyable evening is planned along informal lines. Many of the old minstrel show stars will be present and will help to pass the evening. It is intended that all the fellows and assistant professors who went to East Machias the summer before last will help to make this a success. Steward Colton will serve one of his regular fifty-cent dinners.

The Tech will rehearse in the Union Dining Room, instead of in the Engineering Library, as was announced yesterday. Those wishing to take part are requested to be present at 4:15.

HARE AND HOUNDS CLUB

Officers Elected—Upperclass Race To Be Held.

A good majority of the members of the Hare and Hounds Club were present at the meeting held yesterday noon in Eng. C. The report of the treasurer was read and showed a very favorable balance in the treasury. The election of officers resulted in the choice of Leonard Best, ’15, for Chase Captain and Harold Gray, ’16, Assistant Chase Captain.

Several suggestions in regard to the policy of the club were made, among them that of an annual dinner to be held after the cross country work in the spring is over. No definite action was taken in regard to this, it being the consensus of opinion that the matter should be left over until later in the year when a special meeting can be called to decide upon it.

It was decided that the interclass race that is usually held the week previous to the Freshman-Sophomore race should not be run hereafter. To take the place of this and stir up more interest in the upper classes it was decided to run a Junior-Senior race on the same day as the Freshman-Sophomore race which comes off this year on March 26.

The Tech will meet the Hare and Hounds Club in rooms A and B of the Union after the meeting. The meeting adjourned.

T. C. A. SPEAKER

Dr. Gifford of Brookline To Speak on "The Rich Fool."

Dr. Gifford, of Brookline, will address the students at the T. C. A. meeting this night in the Union. His subject has the interesting title, "The Rich Fool." Dr. Gifford is very well known to Tech men as he has addressed them several times before and has always received enthusiastic applause. Dr. Gifford is pastor of the Brookline Baptist church and one of the most prominent ministers in the state. Last year he spoke twice at the Union, his subjects being "Understanding the Times" and "God's Bidding." Mr. Talbot, the general secretary of the Technology Christian Association, hopes to have a record attendance at this meeting.
