TWELFTH NIGHT

1913 SUMMER CAMP REUNION DINNER
Forty Men Had Interesting Time
Saturday—Dean Burton There.
Forty men attended the dinner for
men of the 1913 summer engineering
camp held in the Union Saturday eve-
nings. Dean Burton was present, as
were Professors Robbins and Allen
and Mr. Sawyer, the camp faculty
representatives.

The entertainment was all infor-
mative. Some of the camp members
had done some of their old parts,
and everyone either told a story or sang
a song. The entertainment was
made very interesting from the fact
that each man told of his experiences
since the camp, dwelling particular-
y on that part of his experiences
relating to some of his work at East
Machias. This proved to be so inter-
esting that the crowd left.

He was also suggested that the
members have their own luncheons
or other special meetings at the
regular alumni reunions, even
though no permanent organization
was set up.

CERCLE FRANCAIS MEETING

A meeting of the Cercle Francais
will be held tomorrow evening, March
the third, in Room A in the Union.
An interesting talk is to be given
by one of the professors of the Archi-
tectural Department, so that a large
attendance is expected. Refreshments
will be served.

HOBBY PICTURE

The picture of the Hockey Team
will not be taken until Thursday at
11:30.

MR. GERARD SWOPE TO SPEAK IN UNION

The Relation of Engineering to
the Sales Department
His Subject.

This evening Mr. Gerard Swope
will address the Electrical Engineer-
ing Society in the Union at 7:45.
The subject of his talk will be "The Relation
of Engineering to the Sales Department." Mr. Swope is a gradu-
ate of the Institute, and was a mem-
ber of the class of 1895. He is now
with the Western Electric Company
and has just recently been made head
of the Sales Department of that com-
pany. His talk will undoubtedly be
a very interesting one, and the offi-
cers are looking for a good-sized au-
dience. Members of the other pro-
fessional societies are invited to at-
tend.

On Wednesday evening, March
13th, Mr. H. D. Kemp, '12, will speak
before the Society on conditions in
South America, where he has been
for some time. He has made a col-
lection of slides which will show the
development of electrical projects
there. These and the pictures taken
on the mid-year trip will be shown.

There will be no trip next Satu-
day on account of "Yish-Ka-Bibble,"
which is added to the General Electric Lamp Works
and is to present: "My Life as a
Salesman."
