YISH-KA-BIBLE.

Final preparations for "Yish-Ka-Bible" are now going on. A full fledged dress rehearsal with all of the cast will clear the stage of the Mechanics' Institute building during the week. The audience that is sure to be present.

In the first act are carefully guarding those numbers are about rounding into the best vaudeville performance that thing is sure to be in shape to give the time Saturday night comes every-fledged dress rehearsal with all of the hitch. Numerous rehearsals in the past slips. For instance realizing that preparing themselves against any absolutely the most up-to-date dances. Six times a day, are to guarantee that strenuous athletic exercises, five or ly good care of themselves. A few ward off any possible hoarseness and Huntington Hall has ever seen.

All of the performers in the vari-act the various members of the cast laugh which is expected. In the last conversation at the speed which is to Keith circuit, they have to train their act is one of the funniest off of the participants are nevertheless sures the fact that they will have ed all the classes would adopt.

But after the dress rehearsal the lines accomplished this. There is no doubt that desire to attend the Prom, the Juniors it is not possible to accommodate all of the classes without exceeding the main ball room and the one advantage of having ample room (as both ed up during the week of Marxell the classes without exceeding the stated number. The Prom is the urgent and most elaborate function of its hich which is expected. In the last act the various members of the cast are doing all in their power to make the little skit go over in a single hitch. Numerous rehearsals in the past two weeks have very nearly accom-plished this. There is no doubt that after the various rehearsals the item will be better perfect.

Remember that the whole affair that is to follow are about rounding into theMechanics' Institute building during the week. The audience that is sure to be present.

IMPORrANT PROM ANNOUNCEMENT

No Freshmen Allowed To Attend—Sign-ups for Juniors and Seniors Begin Monday.

As advertised in THE TECH and in the Union from one until ten. Only Juniors and Seniors will be sign-ed up during the week of March 9-15, inclusive. Beginning March the 18th, Sophomores will be allowed to sign up with the Juniors and Seniors. All men must sign up at the set places after March the 18th. Only two hundred and fifty (250) will be signed up and after that someone has had a reach, a waiting list that will be formed, and if any men are forced to withdraw their subscrip-tions the said subscriptions will be referred to the men on the waiting list in order of their places. There will be no Freshmen at this year's Prom.

Owing to the popularity of the place of the Prom, the great advan-tage of having angle room (as both the main ball room and the one in one is used) will be used and the fact that the Committee has secured the Palm Room and the large dining rooms in which to have supper served, it is evident to the Committee that they will not be able to accommodate all the classes without exceeding the stated number. The Prom is the urgent and most elaborate function of its kind given at the Institute. It is headed essentially as an upper class affair and the Committee is making every effort to make it entertain-ment one of which every Junior and Senior will be proud and one that will be a high standard for the 1897 men to live up to or try to exceed. As it is not possible to accommodate all the men in the Institute who will desire to attend the Prom, the Juniors and Seniors are given the first opportunity, and the Sophomores will be allowed the opportunity of taking those.

REV. VERNON TO SPEAK

"One Important Proof of Chris-tianity" Subject of Talk.

The Rev. M. A. W. Vernon will have the Union this noon for the first time in the 1897 men to live up to or try to exceed. As it is not possible to accommodate all the men in the Institute who will desire to attend the Prom, the Juniors and Seniors are given the first opportunity, and the Sophomores will be allowed the opportunity of taking those.

ROPE DRIVE EXPERT ADDRESSES SOCIETY

Mr. C. B. Sawyer Explains Rope Drive System for Power Transmission.

The Mechanical Engineering Soci-ety was addressed yesterday after-noon by Mr. C. B. Sawyer, of the Dodge Manufacturing Company. This company is the originator of the well known system of rope-drive for pow-er transmission, which Mr. Sawyer took as his subject.

Mr. Sawyer briefly outlined the dif-ferent methods of transmission of power. He then started on the discus-sion of transmission by rope driving. In particular. Rope transmission was first introduced in England about 1830. The system as it was then de-veloped has since been called the English system and it is characterized by the use of individual ropes in separate grooves, with no tensioning de-vice. This system has many faults. The rope could never be made for the same tension. Power cannot be transmitted from one shaft to another which was vertically over or.

CALDER WRITES WALTZ

Winner of Prom Competition Has Written Show Music.

Before a jury composed of the Prom Committee and others, Urquidi and Howard, would be eligible for musical honors played their com-petitions for the Prom Prize Waltz com-petition. The following Juniors sub-mitted pieces: O'urney, Dutton, Davi-sons, McManis and King, Calder, Kingsbury. The first trial eliminated all but McManis and King, and Cal-der, upon second trial the latter was declared the winner of the competi-tion.

Charles J. Calder, '15, to whom the first price of six dollars will go has achieved musical prominence before the American people in the summer of 1897. Mr. Urquidi's composition was submitted to the Prom Committee and it is luctually certain to be included in the Prom music.

FRESHMAN BASEBALL

On next Tuesday, March 25, all candidates for the Freshman Baseball Team are to meet at 11.30 o'clock in Room B of the Union to discuss the formation of the team and to lay plans for the coming season. At least twenty-five men are expected to attend, and the prospects of a crack team are very good.
