On Friday afternoon at four-thirty there will be a special business meeting of the Chemical Society in Walker. PORTFOLIO COMMITTEE DESIRES INFORMATION

(Continued from Page 1.)

The men continue to show the characteristic extreme shrewdness in turning their proofs and they are thereby delaying the publication of the Portfolio. The Committee again wishes to warn the men that the time for returning their proofs is very limited, and that they should be returned at once.

There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because—

First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco.

Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born and are clamoring for your patronage.

No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man.

Try Tuxedo in your pipe this week.
