FRESHMAN BASEBALL PRACTICE BEGINS

To Be Substituted for Gym—First Outdoor Practice Next Week.

Regular Freshman Baseball practice starts today in the Gym at 11:15. For the last two weeks the candidates have been working the kinks out of their arms and now everyone, especially the pitchers, are in pretty good shape and eager for the season to open.

The Dean has been persuaded that baseball is better for the men than amateur baseball before coming as it is now taken up as a serious game.

The final list of candidates for excuse from Gym must be submitted by Saturday night. To have one's name on this list, a man must have been working the kinks out of all the men to show up at every practice. The coach and manager will be present at 11:15 and take a short workout. The candidates will be excused from practice twice this week, either today, Wednesday, or Saturday. The coach and manager will be present and can in this way obtain a good line on the material. When outdoor work starts, practice will be held Monday, Wednesday and Friday at the Field and it will be necessary for all the men to show up at every practice.

The team has been especially fortunate in obtaining the services of Jimmie Franks, '15, who will coach the team this year. Franks played first on his class team for two years and has had plenty of experience playing amateur baseball before coming to the Institute.

A complete schedule has been arranged in which all the games except those with the Sophomores and Juniors will be played away from the campus. There are trips to Somerville, Gloucester, Haverhill, Newton and (Continued on Page 3)

CERCLE FRANCAISE

Professor Langley delivers talk on the City of Paris.

Professor Ernest P. Langley delivered an illustrated talk in French at the meeting of the Cercle Francaise held in the Union last evening. His subject was the City of Paris and treated more of the city of the past than that of the present. Slides, showing maps of the city at different periods and of famous buildings, especially of the Cathedral of Notre Dame de Paris, at different times during course of erection, added in giving a clear impression of a good many of the prominent landmarks.

The executive committee expect to be able to arrange talks equally as interesting as Professor Langley's at each of the fortnightly meetings of the society.

POPULAR MEN ELECTED TO SENIOR CLASS DAY COMM.

Twenty-six members of the Senior Class have been elected to serve on the Senior Class Day Committee. This committee has charge of all the arrangements of the day for the rest of the year which includes the Senior ball, class day exercises, the pop, the Senior "Spread," and the Senior dinner. Also it has to elect His- torian, a Statistician, and a gift water.

His activities in the Institute have been: class football (2), crew (2), class track (2), auditing comm. of finance comm. (2), chairman senior portfolio comm. (4), business mgr. Yish-kah-bible (4).

Theodore H. Guething of course has stood third with 96 votes. He is a member of Chi Phi and Osiris. His activities have been track team (3, 3), class relay team (1, 2, 3), varsity team (1, 2, 3, 4, 5), varsity track team (1, 2, 3, 4, 5). His home is in Florida, Fla.

EXTRA DRILL

The United States Army Inspector will be here April 6th. This is about six weeks before he usually arrives the drill is not as advanced as it should be for inspection. For this reason there will be some extra drill for the next two weeks. The regular Monday and Thursday drill will continue and in addition the Wednesday drill will be for two hours from 3 to 5 o'clock. This extra drill will be made up with interest later on when the weather gets warmer.

TECHNIQUE BAND

The Technique Band requests that all the men who played in the band at Technique rush and any other student who can produce harmonious music arrive at a band instrument report at the Union at 5 o'clock tomorrow morning.

The New York city public schools are attempting to obtain a track meet with the University of Pennsylvania freshmen.

WEATHER

Fair today; light westerly winds.
