The good showing of the Freshmen in the Field events is decided encouraging to those interested in our athletic standing. The hammer throw of 73 ft. was not very good, however, and more work and more candidates for this event are needed.

Thompson's time for the quarter was fast when we consider the conditions. He has such a lot of good material.

The new shots were quite conspicuous and are bright in comparison with the iron ones formerly used.

The Sophomores seem to have lost a good deal of interest in track if we judge by the number of men at the meet Saturday. It is a great pity that 1916 should be so poorly represented.
