INTERCLASS REGATTA
(CONtinued from Page One)

Harvard Bridge, a few feet of the
franquen... Morrison, 98, will speak to the.
Club. Mr. Babson graduated from
the Institute in 1896, in Course I, and
is now head of the statistical bureau
at Westinghouse, which bureau collects
data for bankers and investors, and
compiles the Babson Reports, weekly
reviews of market conditions, and
charts showing the rise and fall of
the stock market and predicting fu-
ture conditions. The subject of Mr.
Babson's talk is the forecasting of
business conditions and the differ-
ences between the successful and the
unsuccessful enterpriser. Mr. Babson
has recently returned from Panama,
and has frequently lectured on this
subject. The Society has decided to
make this an open meeting, and invites all men inter-
est is to be present. This is the last
meeting before the annual banquet,
which comes on May 7.

INTERCLASS BASEBALL
The first of the Freshman-Sopho-
more series of baseball games will be
played next Saturday at the Field
e at 3. This is the game which was
scheduled for last Thursday but was
cancelled on account of rain. Ac-
cordingly, the tickets which are for-
sale by members of both teams and
at the Cage bear the date of April
3th. The lineup of both teams will
largely depend upon the showings
made by the fellows in today's
practice. The teams are very evenly matched and a close and
exciting game may be expected. Both
teams have up to today met one de-
fect and one team has had about as
little practice as the other.
