Haslam Wins Re-entry Match—
Club Shoots at Walnut Hill

This Afternoon.

At a meeting of the Rifle Club held
yesterday noon in 21 Rogers, B. J. Cas
selman was elected President to
succeed G. G. Haslam, who resigned
in order to give more time to stand-
by. A new constitution, differing
in a few minor respects from the old
one, was adopted. The whole event is

for the coming season. He

Conflicting Dates.

There is now, at the first landing
of the stairs in the Union, a bulle-
tin board for the student activities. There will be recorded in advance all
those affairs which concern the
whole or any part of the student
body.
Up to this time there has been lit-
tle visible evidence of the good that
can be derived by filling out a card
and leaving it at the Cage for any
student happening. As a result of this
assuming useless procedure, many
who did not realize fully the impor-
tance of recording events have paid
no heed to the notices of the
Union Committee, with the result
that THE TECH has had to continu-
ously call the attention of the school
and the Institute Committee to the
fact that there was more than one
thing taking place on the same night
which involved the whole or the
whole or any part of the school.
Now that this board has been
provided and ample provision made for the collection and immediate
recording of all events, there will no
longer be an opportunity for confict-
trating dates and evident mismanage-
ment in the running of student en-
tertainments. Beside the board there
is a box in which all announcements
are to be deposited.

Editor of THE TECH
Dear Sir,
In answer to the communication
appearing in your issue of the
afternoon, I should like to state that
the individual writing either knows
little of Tech or else is not particu-
larly respected by the student body, and
