CIVIL ENGINEERING SOCIETY BANQUET

Dinner at Copley Square Hotel Thursday—Prominent Speakers.

The annual banquet of the Civil Engineering Society will be held at the Copley Square Hotel on Thursday evening at 6:30, and since this is the final meeting of the year, it is desired that all members make it a point to attend.

Mr. Desmond Fitzgerald, president of the American Society of Civil Engineers will speak. Prof. C. M. Spedding will talk of future plans for the U. S. Department of the Army. Mr. George W. Anderson of the Mass. Public Service Commission will discuss "The Railroad Situation." Mr. H. P. Eddy, of Metcalf and Eddy, is also to speak.

Mr. Eddy has recently been elected Vice President of the Boston Society of Civil Engineers, and will discuss "The Problems of a Consulting Engineer."

The committee in charge desires that all members secure tickets by Wednesday, as the hotel management must know the exact number coming.

Tickets may be obtained from the following men for $1.00: Peaster, Hall, Thomas, Foote, Stone, Miller, Lucas, and Haist.

AUTO MANUFACTURE

Talk Illustrated With Movies And Stereopticon.

Today at 4:00, under the auspices of the M. E. Society, there will be a lecture upon automobile manufacture by Mr. R. P. Colburn, in Huntington Hall, illustrated by moving pictures and explanations. The particular car to be described is the Maxwell.

Mr. Colburn will follow the manufacturer from start to finish, showing in detail some of the testing processes for machine parts and quality of materials.

The talk will last about one hour and a half. All who are interested are invited to attend.

MUSICAL CLUBS DINNER

Annual Banquet At Copley Sq. Hotel Tomorrow Evening.

The annual banquet of the Musical Clubs will be held at the Copley Square Hotel, tomorrow evening, May 8. There will be a short business meeting before the banquet, this meeting starting at 4:05 p.m. This will be an important one as the new Constitution will be voted upon.

The banquet will be strictly informal. There will be several pictures which are uncalled for, and may be obtained tomorrow night.

CREWS READY FOR RACES SATURDAY

Course To Be One Mile Ending at Harvard Bridge—Boats Evenly Matched.

The Tech crews start today on the last lap of their training for the first of the class races which come on Saturday. There will be three races on that day with a possibility of a fourth. The first, which will start at 4 o'clock, will be between the Freshmen and the Sophomores, the second between the Juniors and the Seniors, and the third between the second Sophomore and second Freshman crews. The course will be the regular one-mile intercollegiate from Cottage Farm Bridge to the Harvard Bridge, finishing on the easterly side of the bridge near the Boston side.

From the forms displayed by the crews of late the winners in the different races are a toss up. In the time trials the crews have been making the pull over the course within two or three seconds of each other.

In the first race the Sophs ought to lead the Fresher to be based on account of their previous experiences. The Freshmen, however, row together a trifle better, having had their crew made up earlier than the upper classmen, and they are possible in a little better condition. The Sophs have the confidence of being last year's champs and also have a slight advantage in weight and strength. In the Freshmen boat, McDonald, the laining and stroke of last year's Rindge Technical crew, will stroke; Brooks, formerly of Roxbury Latin, will row through Sophomore and second last year's Rindge crew, will be at two; Toye, another Rindge man, will be bow; and Guible will handle the line.

CATHOLIC CLUB

The Catholic Club will hold their annual banquet at the Hotel Thorndike tomorrow at 6:30. Mr. Jeremiah O'Neill of the Mechanical Engineering Department will be one of the speakers while the other is to be State Treasurer Frederick W. Masasdale.

This will be the last meeting of the year and hence the result of the election of officers is to be announced.

The cost of the banquet is $1.50 per plate and tickets may be obtained from the officers of the club or from J. J. Hickory, J. P. Phelan, and J. A. Gargan.

FROM COMMITTEE MEETING

There will be a meeting of the Junior Prom Committee in the Union at 8:00 p.m. today. A full attendance is desired.

INSPECTION OF CADET REGIMENT TOMORROW

Efficiency of Cadet Regiment To Be Judged by Army Officer.

The Cadet regiment will be inspected tomorrow by Capt. R. J. B. Schindel of the General Staff of the United States army. As it is absolutely essential that all the men be present, no one will be excused. Men who are physically unable to drill must be present in full uniform although they need not remain with their companies after the roll is called. As the general appearance will count greatly, Major Cole requests that every man have his uniform and equipment in the best possible condition. The report of Captain Schindel will determine the standing of the Institute in military training.

On Friday evening, May 16, the annual prize drill of the Regiment will be held in the Armory. Tickets may be obtained from the first sergeants at twenty-five cents each.

SECOND BASEBALL GAME OF INTERCLASS SERIES

Freshmen and Sophomores Will Play Thursday Afternoon At Tech Field.

The second game of the series between the Sophomores and the Freshmen will be played this Thursday afternoon at four o'clock at the Tech Field. The first game was won by the Freshmen eight to six but this by no means indicates that the second game will be a walkaway. Both teams can boast of good material, but lack of practice has hindered them from making the material into effective team.

The second game of the series between the Sophomores and the Freshmen will be played this Thursday afternoon at four o'clock at the Tech Field. The first game was won by the Freshmen eight to six but this by no means indicates that the second game will be a walkaway. Both teams can boast of good material, but lack of practice has hindered them from making the material into effective team. As the situation stands now the two nines are about on a par with each other. Both teams are trying out combinations to strengthen their weak points. So it would be hard to say how the game will come out. It is likely that the Sophomore will try out the lineup fixed up for the English High game. They will have a new man, freshening in the catcher's position and will, cover short while Merrill will be shifted to third.

From appearances the Freshmen will start the game with practically the same as in the first game lineup providing Gardner's hand is in shape. Tickets can be had for this game from members of both teams for twenty-five cents each.

WATERDOWN TRIP

Men in this afternoon's section in Foundry Work will visit the plant of the Walker Fratz Mfg. Co. in place of the regular class. The plant is in Watertown, and is reached by taking the Cambridge subway to Harvard Square, and then transferring to a Newton-Watertown car.

TICKETS FOR LECTURE TO BE OUT THIS NOON

Illustrated Lecture on Canal To Follow Cosmopolitan Club Meeting.

This noon the tickets for the illustrated lecture on the Panama Pacific International Exposition will be placed at The Cape and at the office of The Monthly. The tickets are free and for today and tomorrow may be secured by depositing a stamp. After tomorrow, outsiders may secure tickets free of charge.

A great deal of interest is manifested in the lecture by outsiders, and for this reason the Monthly has decided to reserve the tickets for these two days until all the undergraduates are supplied.

Mr. Byron L. Lott, the lecturer is from San Francisco. He will be with him his own stereopticon lantern and an experienced operator.

The lecture will start at eight o'clock, thus giving time for the Cosmopolitan Club Meeting and elections which will take place at six o'clock. Students who wish to bring their friends may secure tickets for them at the same time they obtain their own.

REV. TREXLER HERE

Rev. Samuel G. Trexler, who is the student pastor of the Lutheran church, will be at the T. C. A. office from 12 to 1 today to talk with any men who desire to make known.

Mr. Trexler has visited the Institute before, as some of the students may remember.

WEATHER

For Boston and Vicinity: Probable showers today. Fresh southerly winds.
