IN WIRELESS CLUB ELECTS OFFICERS

Last Term's Officers Re-elected
At Meeting Yesterday Afternoon.

At the special meeting of the Wireless Society yesterday afternoon, the officers already in office were re-elected, as it was held that they had not completed their entire term, having been elected only six months ago. The officers are: A. H. Morton, '17, President; D. R. Hausted, '16, Vice-President; R. E. Curtis, '15, Secretary; and H. W. Lamson, '16, Treasurer. These men will remain in office until next November, when the next elections will take place.

At the next meeting of the society, in the immediate future, Mr. Harold J. Powers will address the members.

RIFLE CLUB SHOOT

Only Three More To Be Held This Season.

The Rifle Club will shoot as usual tomorrow at Walnut Hill, leaving the North Station at 6:30 p.m. Only three Saturdays remain on which the Rifle Club can shoot the Intercollegiate match, and that many of the members will take advantage of the opportunity to practice. Orders for rifles and bayonets may be obtained from Capt. Casseleman.

Members of the team are to take the 1440 tram from the North Station, and practice on the range at Wufeld. Saturday, May 16, the team will shoot the Intercollegiate match, and the members match will also be shot. The following Saturday all members who desire will be afforded the chance to qualify for the N. R. A. marksman, sharpshooter, and expert medals.

MYSTERIOUS STRANGER

(Continued from Page One)

Mysterious Stranger

In such case the stated royalty on each copy of "USSER'S FINISH" shall be given to the person or persons making the arrest. The number of arrests shall be the number of the shoulder and say, "I arrest you in the name of the double action." That the arrest be legal is necessary that a copy of the last copy of "USSER'S FINISH" be shown as warrant.

In witness whereof we have hereunto affixed our hand and seal on this seventh day of May in the year nineteen hundred and fourteen.

N. M. DRICKER
Treasurer

The new constitution to be considered by the Musical Club at their meeting tonight appears to be a decided improvement over the old organization. It does away with the unnecessary duplication of officers in the President and General Manager, and provides for the election of the latter on a competitive basis by a small board with concentrated responsibility instead of on personal popularity by the club at large.

Combining the offices of secretary and treasurer into another move toward concentration, but would seem to place a rather heavy burden on one man. In its other details, the document seems in all respects worthy of adoption.

The falling-off in student activities which has been evident as we approach the end of the term, and the decreased time which our men are able to devote to the paper, will necessitate a reduction in the number of issues printed during the remainder of the term. Therefore, beginning next week, THE TECH will be published only on Monday, Wednesday, and Friday.

OLUS SHIRTS

What good is a shirt tail anyway?

OLUS the outside shirt and undershirt are one garment.

This means that the shirt can't work out of the button, that there are no shirt tails to bunch up, that the shirt is "gray pet" to say nothing of the comfort and economy of saving a garment.

OLUS is cut out, open at all the way down—clotted, crooked line. See Illustration.

For giff, match and style, write, we mention the special medium color OLUS with regular or dress stoons. Colors for every suit of men's wear. All sizes made to exact design. Including—$5.00 to $10.00.

Ask your dealer for OLUS. Booklet on request.
