**SATURDAY LECTURE**

**TICKETS GOING FAST**

Students Showing Interest in Talk on Canal and San Francisco.

Tickets for Saturday night’s lecture are going very rapidly. About four hundred are left for students and for the general public. These may still be obtained at the Casp, Monthly office, or the information desk in Rogers. No admission is charged in any way, and the officers of the Technological Monthly, who are offering the lecture, expect a large crowd of Tech students and their friends to be on hand at Hamilton Hall.

The talk, which is to be illustrated with about three hundred colored slides, will start at eight o’clock and last for an hour and four or a half.

The lecturer, Mr. Lick, is from the Pacific Coast, and he will present the latest pictures of both the Panama Canal and the San Francisco Fair. He has just received a new set of pictures from Panama, showing the latest developments along that great new international highway. The Exhibition officials also forward their latest photographs to Mr. Lick and these will all be shown in the lecture. He will also show pictures of some of the Oriental countries, whose trade will all be vitally affected by the opening of the Canal.

**FACULTY NOTICE**
