FRIDAY, MAY 15, 1914.

IN CHARGE OF THIS ISSUE.

The commencement of a course in Engineering Administration is fast from a radical step on the part of the Corporation. The field which lies midway between engineering and business has so long been important in the practical world that it is surprising how slow educators have been in recognizing the demand it creates for men with a dual training.

The reason doubtless lies in the fact that this demand has in the past been fairly well supplied from two sources,—engineering school graduates with more or less business training, and college men who have acquired engineering experience in the shop or factory. Both types have, by reason of their one-sided training, generally lacked a comprehensive grasp of their work.

The problem of giving in a single course education along both technical and business lines is probably to be solved to the best advantage by the engineering school. Course XV constitutes a timely step in this direction.

An introductory course for Fresh men has recently been organized at Oberlin, the purpose of which is to inform incoming students of the purposes, conditions, and opportunities of college life.

CAMP LIFE

AT ITS BEST

CAMP BUENA VISTA

Lake Winnipesaukee, N. H.

Athletics, Baseball, Tennis, Canoeing, Boating, Fishing, Mountaineering, etc. Good Food and Equipment.

THIS IS THE PLACE

EMPLOYEES BANQUET

Last night at 5:30, the Technology Benevolent Association held its annual banquet, at which the employees of the Institute were present. A musical program was arranged, and Bur- sar H. S. Ford and Superintendent of Power A. S. Smith spoke. After the dinner, a business meeting was held and the officers for the next year were elected.

In OLUS the outside shirt and underdrawers are one garment.

This means that the shirt can't work out of the trousers, that there are no shirt tails to brush in slot, that the drawers "may" not, to my nothing of the comfort and economy of saving a garment. OLUS is cut out, opens the way down—closed crotch, closed back. See Illustration.

For golf, tennis and field wear, we recommend the special matched collar OLUS with regular or short sleeves. Extra sizes for very tall or stout men. All shirt besides, in smart designs, including slacks—$1.50 to $10.00.

OLUS catalogue PAMMAMS for hunting, racing and comfortably sleep. Made in the same finitudes as OLUS Shir—made, dry, clean back, closed crotch. The hing is tightening or some more. $1.50 to $4.00. Ask your druggist or OLUS. Booklet on request.
