MUSICAL EXECUTIVE COMMITTEE MEETS

Trips Planned For New York State and Pennsylvania in February.

The Executive Committee of the Musical Clubs held a meeting last evening in the Union. At this time Professors Russell and Bugbee were present as faculty advisors. Plans for an extended trip to be held during the spring vacation were discussed. It was finally decided to proceed at once on the suggested route as outlined by the management.

The circuit will include New York, Philadelphia, Harrisburg, Pittsburgh, Buffalo and Rochester, or other cities adjacent to these places. As the exact stops have not all been arranged for, the management will welcome any suggestions with regard to concerts. The combined clubs will make this trip in their own car. Provision will have to be made to have it carried from one city to another on such a schedule that no conflicts will arise. In some of the cities the alumni are already planning to entertain the men with a dinner or a dance. As examinations will be over at this time, there will be added pleasure in this trip in their own car. Provision will have to be made to have it carried from one city to another on such a schedule that no conflicts will arise. In some of the cities the alumni are already planning to entertain the men with a dinner or a dance. As examinations will be over at this time, there will be added pleasure in such a trip.

It was further decided at the meeting to issue a call for candidates to the various clubs. Ogden, leader of the Glee Club, will assist by the coach in trying out voices. A few trials will be held in the Union Monday afternoon from four to six o’clock.

The banjo trials will be conducted by Dixon, leader of that club, while King, leader of the mandolin club, will meet men who wish to try for that club. The coach will assist these two men and trials will be held Tuesday afternoon in the Union from four to six o’clock.

As all the clubs have lost men by graduation, there will be many vacancies to be filled so that new men need have no hesitancy in trying for place on the organization.

FRESHMEN RELAY

The Freshmen relay candidates started in work last Monday at the Gym under Coach Kanaly. They have been practicing every night and from the number of men out, the prospects are bright for a good team.

Mr. Kanaly has confined the work to practicing starts and to short jogs for developing the wind. On account of not being able to use the new field, flag practice will start next week. This is a good deal sooner than in previous years.

At the present time there are twelve men out for the relay team. This is a very encouraging start, but the coach expects to have about thirty to forty men out soon, to correspond to the previous club relay teams.

The following men have reported: Birmingham, Boyd, Clark, Coward, Hamlin, Hanley, Johnson, Justheim, Lorenz, McClure, Merrick, Mumford, Reed, Smyth, Wallace and Wells.

Coach Kanaly wishes to announce that there will be practice every night at the Gym except Saturday night, and if the Hare and Hounds come off.

FIELD CAPTAINS

Coach Kanaly wishes to announce that there will be practice every night at the Gym except Saturday night, when the Hare and Hounds run away.

INCREASED ATTENDANCE

Again Tech opens its doors for the school year with an increase in the student body, touching 1765 against a total registration last year of 1685, being the tenth consecutive year with a constant increasing number of students. It means, in the opinion of those competent to judge, that when the full registration of the year shall have been made the number will surpass by one hundred that of last year, which in itself showed an advance over the year before and this again was fifty in excess of the preceding year.

The New No. 5 Printype Oliver Type-

writer makes an ideal machine for students’ use. It is a marvel of simplicity, durability and ease of operation. Printype your notes and they will be twice as valuable to you.

Easy terms if desired.
