HARE AND HOUND RUN
RESULTS GRATIFYING

Excellent Form Shown By
Those Taking Part In Run
Saturday.

Thirty men took part last Saturday in the run of the Hare and Hound Club over the eight-mile course at Wellesley. The number of candidates was greater than at the same time last year, and if numbers count, Tech ought to have a faster team this year than ever before.

The runners were divided into three squads. The first, consisting mostly of freshmen, started a few minutes after the hares; the second left eight minutes later; and the third, the varsity team, was hand-capped by seven minutes more. Before the run was over, many of the third squad were in the lead, with the second and first scattered behind them.

Coach Kanaly was gratified with the showing made by the men. Last year's runners exhibited all their old form, and the new men who competed showed more finish and style in their running than has usually been the case, Coach Kanaly expects that this year's track team will be one of the best that Tech has produced. He urges, however, that those freshmen who have track records in high school or who pay into its treasury the minimum sum of one dollar a year and receive in return a membership card. This card shown at the Y. M. C. A. will entitle the holder to the full Y. M. C. A. privileges during the school year.

Such privileges include the use of the tank, the gymnasium, the pool and billiard room; the bowling alleys, hand-ball courts, etc., under the same conditions and with the same privileges as regular Y. M. C. A. members. To those holding paying membership cards, the rates are as follows: gymnasium, student rate, eight months, eight dollars; natatorium, for those using the gym, student rate, eight months, four dollars; natatorium, for those not using the gym, student rate, eight months, four dollars; natatorium, single swim, twenty cents.

The tank is 75 feet long by 25 feet wide, in a room 100 feet by 60 feet. The water in the tank is from an artesian well, which gives a continuous supply of filtered salt water. The water is kept at a comfortable temperature. There are regular classes in swimming for those who desire to attend them, and for class instruction there is no extra charge. The gym is equipped with the best of apparatus, and is provided with a twelve lap track ten feet wide and splendidly constructed.

The opportunity to avail one's self of this offer is open to all Tech men, and anyone desiring further information or a membership card will find Mr. Cushman, secretary of the T. C. A., in his office in Engineering B glad to supply you with either.

At the Hotel Brunswick all day this Friday, October 16th.

Y. M. C. A. PRIVILEGES
FOR TECHNOLOGY MEN

Arrangements Made By T. C. A.
For Its Paying Members.

Through the cooperation of the Boston Y. M. C. A. the Technology Christian Association is able again this year to offer the Y. M. C. A. privileges to its paying members. A paying member of the T. C. A. is one who pays into its treasury the minimum sum of one dollar a year and receives in return a membership card.

This card given at the Y. M. C. A. will entitle the holder to the full Y. M. C. A. privileges during the school year.

Such privileges include the use of the tank, the gymnasium, the pool and billiard room, the bowling alleys, hand-ball courts, etc., under the same conditions and with the same privileges as regular Y. M. C. A. members. To those holding paying membership cards, the rates are as follows: gymnasium, student rate, eight months, eight dollars; natatorium, for those using the gym, student rate, eight months, four dollars; natatorium, for those not using the gym, student rate, eight months, four dollars; natatorium, single swim, twenty cents.

The tank is 75 feet long by 25 feet wide, in a room 100 feet by 60 feet. The water in the tank is from an artesian well, which gives a continuous supply of filtered salt water. The water is kept at a comfortable temperature. There are regular classes in swimming for those who desire to attend them, and for class instruction there is no extra charge. The gym is equipped with the best of apparatus, and is provided with a twelve lap track ten feet wide and splendidly constructed.

The opportunity to avail one's self of this offer is open to all Tech men, and anyone desiring further information or a membership card will find Mr. Cushman, secretary of the T. C. A., in his office in Engineering B glad to supply you with either.

At the Hotel Brunswick all day this Friday, October 16th.
