Upper Class Election Reports In Huntington Hall—Seven O'clock.

An important mass meeting will be held in charge of F. P. Soucy, '15, who will have the chair until the newly elected senior president has not been out before, or been found necessary to divide the team.

Dexter and Powers, constitutes a stone wall of defense, while the right side, although at present not as strong, is rapidly rounding into shape. The left side of the line with Bell, Dexter and Powers, constitutes a strong wall of defense, while the right side, although at present not as strong, is rapidly rounding into shape. The team has a surplus of second string men who are almost on a par with the regulars which makes it very strong in this respect.

The Left Side of the Line

The left side of the line with Bell, Dexter and Powers, constitutes a strong wall of defense, while the right side, although at present not as strong, is rapidly rounding into shape. The team has a surplus of second string men who are almost on a par with the regulars which makes it very strong in this respect.

Election Booths.

Voting booths will be open in Pierce and Rogers until five this afternoon, while the one in the Union will be kept open until six. Votes for the three classes will be collected at all booths. No one not having paid his dues for the present year will be eligible to vote. Each voter should mark the ballot carefully and write his name legibly.

Sophomore Football

Team Plays Hyde Park High This Afternoon.

Manager Hunt has arranged to play the famed football team from Hyde Park. The Sophomores and Hyde Park High this afternoon. The whole squad will take the trip and men who are almost on a par with the regulars which makes it very strong in this respect.

The Left Side of the Line

The left side of the line with Bell, Dexter and Powers, constitutes a strong wall of defense, while the right side, although at present not as strong, is rapidly rounding into shape. The team has a surplus of second string men who are almost on a par with the regulars which makes it very strong in this respect.

Cross-Country Squad

Men Show Much Better Team Work Than Last Year.

The cross-country squad took a run over the Tech Course Wednesday afternoon and showed particularly fine team work. The time of the first and seventh men in only differed by fifty seconds, which is much better than the team did last year. The first two miles were covered in about thirteen, the squad staying in a bunch. After the two-mile mark, the men let themselves out.

Cook came in first with Nye and Grootings following. Grant, Litchfield, Harrington and Wilkes finished in the order named. Benson and Brown did not run. Coach Kansky was particularly pleased with the work, as it showed improvement over last year at this time. There will be no Race and Rounds run Saturday, all the squad going into the three-mile event against Harvard instead.

Books Due Soon

Books, which are to be submitted for 1915 Tech Show competition, must be handed in by the first Monday in November. It is therefore expected that work in them will be practically completed at this time.

Senior Elections Hotly Contested

Struggle For President In Both Upper Classes Of Unusual Interest.

The contest for Class President is in both the upperclassmen elections today and will meet Harvard in a practice track meet. The former enters the meet handicapped somewhat from lack of practice, for this is the first week the men have been on the new field. Previous to this, the men worked out at the old field while the distance men did cross-country work. There has been an opening in the middle distance to train for their events at all and the cross-country men, although in good shape for a hard hill and dune run, are in no condition to run a fast three miles on the track.

Meals is running both the dash and low hurdles for Harvard, and has been training since school opened. Tech will put its faith on O'Hara in the century and hurdles, while Meigs will undertake the hurdles. The three-mile should be the feature of the meet. McClure, the Harvard captain, will fight Cook for first place in this event and it should be a hard one (Continued to Page 3)

Tug-of-War Team

Freshmen And Sophomores Making Good Progress.

With Field Day only two weeks away, the 1917 and 1918 tug-of-war teams are making great efforts to get in shape. The Sophomores have been coming out steadily and in large numbers. This afternoon the men will be measured for their jerseys. Next Wednesday the men will be weighed and strength test will be made. On Friday the team will be picked. There is a fine lot of material to pick the Sophomore team from as well as several husky new ones.

Yesterday 28 freshmen reported for practice, about 16 of whom have appeared regularly. There is still a chance for the middle distance men and the fact that it promises to be one of the closest in years. This is especially true in the Senior Class, where the men are almost on a par with the regulars which makes it very strong in this respect.

Technology's First Grand Opera Night

At Boston Theatre This Evening

Tickets May Still Be Obtained.

Tonight will mark the occasion of the first Technological Grand Opera Night at the Boston Theatre. Verdier's "Masked Ball" is the production, with an all-star cast including Minnie Fox and Lynneback, Menzies, Blancheart and O'Hara. In view of the fact that there will be no Boston Opera season this year, the opportunity is an unusually good one to hear a first-class production. Tickets for four cents may still be had at the Cage for $1.50 and $2.

The performance was a brilliant one, and few operatic performances given in this city of late years have been more successful. The orchestra and casts are the best which has been assembled in this city of late years. As the evening will be of an informal nature full dress will be in the minority. For the benefit of those who may wish to become more familiar with the story of the opera, literature will be on sale for a reasonable price at the theater.

A detailed review of the production of this opera on Tuesday night, by the same artists the Boston Post paid in part: "The performance was a brilliant one, and few operatic performances given in this city of late years have been more successful. The orchestra and casts are the best which has been assembled in this city of late years. As the evening will be of an informal nature full dress will be in the minority. For the benefit of those who may wish to become more familiar with the story of the opera, literature will be on sale for a reasonable price at the theater."

Freshman Football

The Freshman football team will play Dorchester High School on Saturday, October 24th, at the Huntington Avenue grounds. The team has one of the strongest teams representing Boston High Schools, as a good game is expected. The Freshmen have made a good showing so far this season, especially Wednesday, when they defeated Mechanical Arts, and have a good opportunity to annex another victory.

Calendar

Friday, October 23, 1914.
