THE TECH

COMMUNICATION

The whole show got here Monday afternoon, and believe us, boys, get your seats in a hurry right alongside the gangplank or you'll miss it. Only standing room left there the left hand side of the bandstand. Time show, but by that time we have made a deal with the manager for a canary chair down with the orchestra. Some standing room down there. By the way, if you drop around to Rogers Corridor before 1.30 you may be able to make a deal with the ticket-seller, but—be sure and see him before 1.30 Saturday or somebody from Chelsea will grab your seat. Freschman and small children can get in for a dollar seventy-five (one night only), upper classmen and adults get stuck for two bucks. 

Oh, you'll see your money's worth. A thousand jokes passed by the National Board of Sense-her-ship. Take your time gentlemen? It's all in the show, say, fellow, what's a Yiddish canary? By the way, the author went so thoroughly that the continuance of this show, come one, come all.

FACULTY NOTICE

The exercises of the Institute will be suspended on Friday, November 2nd, after 12 o'clock, noon, for Field Day, and the first and second year Laboratories and Drawing Rooms will be closed to students on that afternoon. Field Day comes a week from Friday.
