RECEPTION TO GRADUATE STUDENTS

Dr. William Cunningham Chief Speaker—A Large Number Attended.

The reception Wednesday evening by the President and Faculty to the graduates attended, each one being tagged so that all might become acquainted.

After the first introductions, the company assembled in Huntington Hall and the speeches were made. President Maclaurin told of the method of treating the graduate students at the Institute. That all should have the same treatment no matter what their advantages in culture or education was an essential in an institution based on broad principles as Technology, he declared. He then introduced the chief speaker of the evening, Dr. William Cunningham, D. D., F. R. A.

Dr. Cunningham spoke on "The Industrial Revolution." The labor question which now confronts us has no precedent in history to help in its solution, he said. The unions, however, can see that the workmen get justice, not only if they do nothing which will harm their cause in the future.

Then Professor Sedgwick told of the advantages for graduates now as compared with forty years ago.

He was followed by the president of the Alumni Association, who invited all present to regard Tech as their Alma Mater even though coming from other colleges.

Refreshments were then served in the Library and an enjoyable evening spent in getting acquainted.

SWIMMING TEAM

Meeting in Room A of Union at Five O'Clock Today.

All men who intend to come out for the swimming team will meet in Room A of Union at 5 P. M. today, Nov. 9th. This meeting will be held for the purpose of obtaining the names of the men who are out for the team and to outline the plans for the future. Any freshmen who come out and are retained, will be excused from Gym work.

Practice swims will be held at the Y. M. C. A. Pool three times a week for two consecutive weeks. At the end of that time trials will take place and the cuts will be made. In order to make use of the Y. M. C. A. Pool, each man will have to become a paying member of the T. C. A., which entails an expenditure of one dollar. He will also have to pay a fee of fifteen cents each time he swims. If the team becomes a success and obtains the recognition of the M. I. T. A. this amount will, in all probability, be refunded so those making the team.

Manager W. L. Graves urges all the men who attended the previous meeting to be present this afternoon, as well as all other men who are interested.

SOPHOMORES TAKE FALL HANDICAP MEET

Place In All But Quarter Mile—Freshmen Beat Out Juniors.

The sophomores won the annual Fall Handicap meet last Saturday afternoon, placing in everything but the quarter mile run.
