- Through The German Line And Arrested As A Spy.

The Technology Christian Association had for their speaker last Thursday night, the Rev. A. I. Williams, who gave a very interesting talk on his own recent experiences on passing through the German lines and being arrested as a spy. A large number of men were present to hear him.

The speaker described his several journeys, first by the Belgians, later by the Germans, and finally in Brussels. This last arrest took place on September 24th. He had stepped out of the hotel where he was stopping in Brussels, and on his return, he was told that an American wished to see him. Mr. Williams invited this supposed American to his room where the two might talk in private. When the man had entered the room, he proved to be a representative of the Imperial German Government, come to arrest Mr. Williams.

The arrested man was taken to the military headquarters in Brussels and into a room at the headquarters where about thirty-five people were confined. Many one trips have been arranged for the team, although the schedule is not yet complete. To date the following games are scheduled:
- Dec. 30—Georgetown Univ., at Washington, D.C. (Provisional.)
- Jan. 30—Clarkson Tech, at Potsdam, N.Y.
- Feb. 1—St. Lawrence Univ., at Canton, N.Y.
