Don Cromwell acted in his old role of collecting money, and also told a few stories, while Ted Wyman regaled the audience with his experiences in Europe during the war. Z. Y. Clark described the recent Chinese Students' Conference. A. C. Dowries telegraphed his best wishes and several letters were read from members who could not be present.

A near riot was started when Charlie Fink, initiator of the dinner, called the head waiter and demanded why the soup was full of foreign matter, and tasted so poorly. The Head Waiter replied in great wrath that he would call the chef and see what he had to say about it. Fortu rhewith the chef appeared, bearing the kettle in which the soup had been cooked and asked what the matter was. Charlie reached down into the committee pulled out an old pair of overalls, dripping with tomato soup, and said, "Now, fellows, how could soup taste good with an old pair of Firehorse Wilkins' overalls in it?"

The meeting broke up with a couple of class chors, led by the old cheer leader, A. H. Waitt, and the singing of the Stein Song.
