EXCELLENT SHOWING IN PRACTICE MEET

Good Times Made In Dashes And Long Runs—Guething Wins Four Lap Race.

A good showing was made by the Track Team in the practice meet at the Gym last Saturday afternoon. In the thirty-yard dash, O'Hara, who had held back in the trials, easily broke the tape a winner in the finals. The thirty-five yard high hurdles was won by Sewall. Hart did not compete. C. Guething ran away with the four-lap race, making excellent time. Colleary was won by Sewall, all five objects, but fell at the first corner in the finals. Gagnon started in the lead in the eight-lap race and kept it for six laps, when he was over-taken by Hamilton, who passed him by a sprint. Cook led throughout the eighth lap race and, as was expected, won easily. Stevens ran consistently in second place.

MacKinnon continued his fine work in the long jumps by making five feet, five and a half inches, while Sewall put the shot thirty-two feet, five and a half inches. There was no competition in the pole vault, as only one man reported.

An interesting race between two pickup relay teams closed the meet. The winning team consisted of Cook, Guething, Justelbo, Campbell and Bollerton. The showing by the freshman runners was very promising. The veterans, however, are keeping competition for their places very keen.

COMMUNICATION

To the Editor of The Tech:

There seems to be a growing tendency on the part of certain members of the Sophomore class to fail to show even common decency to Professors and others in his History lectures. The height of this boorishness was reached Thursday morning when one of the men, during the last half of the lecture held a newspaper at the front of the class. The professor Currier in his History lectures. The issue is a vital one, and I think it is the duty of every undergraduate, particularly those who represent their classmates every undergraduate, particularly those who represent their classmates, to show even common decency to Professor Currier in his History lectures.
