COMMUNICATION
(Continued from Page Two)

Facially deserves the respectful, if not interested, attention of every member of his class, it is Professor Currier. Very probably no other instructor in the Institute is more pains-taking and conscientious in presenting his subject, or more considerate of the weaknesses of his class, than Professor Currier. Surely every thoughtful, true Tech man will recognize that common courtesy is the least he can do for both the professor and his classmates. Perhaps the offenders in question, and there seem to be a few from each class, might be willing to mend their ways if reminded personally and privately by more thoughtful members of the class, one has only to be educated out of the faddish belief that anyone admires his disrespectful tactics, to become willing and anxious to respect the rights of his fellow men.

Sincerely,

Why Should I Smoke TUXEDO?

TUXEDO is the logical smoke for millionaires because it is impossible to buy a better tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the average cost per pipeful only one-fourth of a cent.

To buy cheaper tobacco means to lose pleasure out of smoking, because it is impossible to make a tobacco as good as Tuxedo at less than the Tuxedo price.

Tuxedo is made of only the finest, choicest selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which takes all the unpleasantness out of tobacco and leaves all the pleasantness in.

Tuxedo has a deliciously mild, fragrant aroma that is pleasant to all. It is the only tobacco you can smoke in a room full of lace curtains without leaving even a trace of color.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked.

CROSS-COUNTRY TEAM ELECTS CAPTAIN

Henry S. Benson of Dedham Chosen To Lead The Team Of 1915.

At the meeting of the cross-country team Monday, Henry S. Benson of Dedham was elected captain for 1915. Benson has been a member of the team for three years doing his best running as a freshman when he took sixth in the New England intercollegiates and when he was the freshman intercollegiate at Andover with a lead of three hundred yards over Humphreys of Penn.

Benson last year was the best miler on the track team, running consistently around the 4.30 mark, and taking third in that event at the New England intercollegiates.

His work this fall has not been quite up to his usual standard owing to the fact that he has been carrying a heavy burdens, but he ran a strong race at New Haven, finishing eighteenth in the big intercollegiate run.

With Captain Cook, the only man to graduate, Benson will have a squad of veterans out, and should produce the strongest team which has ever represented the Institute.

STATISTICAL BLANKS
The Statistical Blank for Tech-niques 1916 were due at the Cage yesterday, but owing to the small number handed in, the time has been extended until after the Christmas vacation.
