**OBLIGED TO POSTPONE JUNIOR CLASS DINNER**

February Sixteenth New Date Set—Several Reasons Cause Change.

The Committee in charge of the 1916 Class Dinner has been obliged to postpone the date from tomorrow evening until Tuesday, February 16th. Tickets already sold will be good on the new date.

The change of date has been made necessary for a number of reasons. The Committee feels that the sale of tickets has been unusually small. Several of the best speakers will be unable to be present tomorrow night, but can attend on the sixteenth of next month. Owing to the present legal trouble between the Park Theatre and the City of Boston, the municipal building commission has refused to make any exception to the rule that buildings in which moving pictures are shown are to be on hand: Means, Clark, McFarland, White, Wooten, Magoun, Holden, Coward, Ross, Gould, Lowen Holden, Coward, Ross, Gould, Lowen, and the City of Boston, the municipal building commission has refused to make any exception to the rule that buildings in which moving pictures are shown. **SECOND TEAM MEET**

Institute Novices To Wrestle B. Y. M. C. U. Seconds.

Next Thursday, a novice team will meet the second team of the B. Y. M. C. U. Any man in the Institute, who has not won a varsity wrestling bout, can compete for a place on this novice team.

Tryouts for the team will take place this afternoon in the Gym. The management requests the following men to be on hand: Means, Clark, McFarland, White, Wooten, Magoun, Holden, Coward, Ross, Gould, Lowen, and the City of Boston, the municipal building commission has refused to make any exception to the rule that buildings in which moving pictures are shown.

**SHOW COMPETITION**

This afternoon from 4 to 6 p. m. music submitted for Tech Show will be judged in Room B Union. Committers are requested to hand in a copy of each melody and be able to render the music in some fashion. Thursday, Jan. 7, competition in the Show Orchester will commence.4.15—Mandolin Club Rehearsal, at the Copley Square Hotel. The monthly meeting of the Boston section of the American Institute of Mining Engineers, whose mining is affiliated with the Mining Engineering Society of Technology, will be held this evening. Previous to the dinner, a talk on "Safety in Mining," illustrated by moving pictures, will be given by Mr. S. Le Fevre at the Riverside Theatre, corner of Newbury and Exeter Street. This talk will last for one hour, from 6 to 7 P.M. Additional features for the evening are to be Major Cole and Lieu-tenant of aerodynamics at the Institute. The former will take as his subject "Military Tactics" and the latter "The Military Value of Aviation." Lieutenant Huntington will illustrate his talk with a number of slides.

**MINING SOCIETY TALK**

Mr. S. Le Fevre To Give Lecture On Safety In Mining.

Mr. Le Fevre is general manager of the Big Fresh water Plant at Port Henry, New York. It is expected to be present with running fine.

E. E. SOCIETY TO DINE

The annual banquet of the Electrical Eng. Society will be held Thursday evening, January 7, at seven o'clock, at the Copley Hotel. The banquet committee has been fortunate in securing as the speaker of the evening, Mr. Paul C. Lincoln, the President, with the A. I. E. E., and an official of the Westinghouse Electric & Mfg. Co. In addition to Lincoln, Gray, Jackson, Lawrence and Wickenden, and Mr. Greene will speak.

**ANNUAL INTERCLASS MEET NEXT SATURDAY**

Much Interest Has Been Excited And Close Competition Is Expected.

Competition promises to be very close. In all the running events of the annual interclass meet which will be held at the gym Saturday afternoon, with the large squad out for the 220 yard relay, the quarter mile will be the best event on the program. Owing to the fact that the race will be run for a distance only, two men have entered. As the first is given to winners and amounts are awarded for any of the first four places, there is an excellent opportunity for weight men to acquire the insignia. Nearly all the short distance men will enter both the forty yard dash and the quarter mile. Frank Oster is a fast man off the mark and should take first place in the dash, while Reed and Guething all look good for a place.

The quarter will be a free for all fight between half a dozen men with Cy Guething a favorite for first. His past running is the sensation of the season. In the last trial he ran four laps in 43.25 seconds, breaking the former record for the distance held jointly by Freddie Burns (Continued on Page Three)

**CIVIL ENG. SOCIETY**

Will Hear Mr. Cooper Thursday—Refund For Trip.

Next Thursday afternoon at 4 p.m. in 21 Eng. B, Mr. H. C. Thomas will discuss the civil engineering society. Mr. Cooper is the engineer who conceived the Kellogg Dam project, promoted the idea and carried it to a successful conclusion. For those men who missed the cut for Riverside, H. C. Thomas will refund to them their deposits upon application to him in the senior drawing room. CIVIL ENG. B, any time after 9 a.m. Thursday.

**ANNUAL REPORT OF PRES. MACLAURIN**

Mention Made of Co-operation With Harvard And State And New Course.

The annual report of President Maclaurin contains the first official reference on the part of the Institute to the agreement with Harvard University. Concerning this cooperation the report says: "It represents the joint effort of two independent institutions to place the resources of both at the service of students of engineering. As soon as the possibility of cooperation between the two institutions was made clear by the readiness of each to make every thing subservient to the desire to serve the community, the various possibilities were considered. It soon became evident that there could be no effective cooperation on a large scale if the institutions maintained separate laboratories and independent faculties. A few students might be moved from one place to another, but any extensive interchange of the kind would be impracticable. The only satisfactory method of overcoming the difficulties was that which was adopted." (Continued on Page Three)

**CONCERT AND DANCE NEXT FRIDAY NIGHT**

Institute Committee Acting In Conjunction With Musical Clubs.

Tickets are now on sale for Friday evening's concert and dance given by the Combined Musical Clubs and the Institute Committee, respectively. Admission to the concert alone will be twenty-five cents, and to both the concert and dance, seventy-five cents.

The concert will include numbers by the Glee Club, Mandolin Club, Banjo Club, Instrumental Trio, Hawaiian Quartet, the Glee Club Quartet, a reader and a soloist. The affair will be positively informal, except for the members of the Musical Clubs. No seats will be reserved in Huntington Hall, where the concert will take place.
