SOCIOETIES AND CLUBS

Technique Making Effort To Get Copy in By Mid-Years.

Copy has been coming in slowly for the Sodalis Department of Technique, although notices have been sent to all of the clubs and societies who had inserted in last year's book. Part of this year's book has already gone to press and those who have not yet sent in their copy must do so immediately.

Members of the professors who have not paid up their dues will not find their names among the lists of members unless they are attended to before mid-year. Special arrangements may be made for copy that cannot come in by middle-weeks if notice is given to the Society Editor.
