FRESHMAN SHOW COMPETITION REOPENS

Three Assistants In Business Department To Be Chosen From Freshmen.

Owing to the fact that several of the candidates for the business department of the Freshman Show have been compelled to drop all outside activities because of their scholastic records, the competition which was started last term is to be reopened to freshmen.

At the close of this competition three men will be chosen, who will be appointed Second Assistant Business Managers, which position they will hold for the remainder of the year. Next year they will have an excellent opportunity to become First Assistant Business Managers, and if they show the same ability as the present Business Manager, there is no doubt that they will be chosen for that position.

The Boston performance will be on April 15, and there will be further advancement in the third season with the Show.

JUNIOR WEEK

(Continued from Page One)

and attending to the costumes and scenery.

In the musical comedy proper, there is room for or varied talent in acting. Dancing and many clever stunts find a place here. A man does not have to be an accomplished actor or a finished musician in order to qualify. All he needs is a fair voice, a little average talent, and grit.

This year, the Show will take the same trips as last year's Show, opening in Northampton on April 15, and closing in Malden on April 26. The Providence performance will be on April 22nd. Since the Henry Jewett Players are in control of the Opera House, it is not certain where the Show is to be given. However, the management hopes that the Jewett Players' engagement will come to an end before the date of the show. The provisional list of dates for the performance is as follows:

Northampton, Thursday, April 15th.
Boston, Saturday, April 17th.
Providence, Thursday, April 22nd.
Malden, Monday, April 26th.

As is customary, the musical clowns will begin the activities of Junior week with their spring concert and dance. This will be held in Copley Hall on Friday evening, April 16th.

The clowns have just returned from their old-year trip, during which they made a splendid record. In order that they may be in good condition for the spring concert, a number of dates will be filled during the intervening time. Concerts have been scheduled for the Edison Service Companies, Lynn, Mount Holyoke Colleges, and Wheaton College.

CATHOLIC CLUB HALL BEST HELD IN YEARS

Revival of Annual Event Gives Evidence of Increased Interest.

The dance given at the Hotel Somm-erby the Catholic Club last evening was a pleasant and convivial affair in every detail, and is considered the best that the club has so far managed. The ballroom was filled by the 150 couples present and the program was thoroughly enjoyed from the introduction to the music. The first dance was so successful that the second then continued till 2 o'clock.

The matrons for the evening were Mrs. Alfred E. Burton, Mrs. Charles Hodgett, Mrs. John H. Kennedy, and Mrs. Henry I. Jones. Besides the patrons, Patrons Scallon and Hickey of the Cathedral viewed the festivities. In view of the fact that this affair was so successful it is certain that it will be repeated in following years.

M. E. SOCIETY

Only the names of those members who have paid their dues will be published in "Technique" members of the M. E. Society. The membership list is to be made up in the Show Office at five o'clock this afternoon, or at the same hour on Monday.

STAGE COMPETITION

At four o'clock this afternoon a Freshman competition in one of the principal departments of the Show Management, the Stage Department, will start. The man eventually chosen will be assistant stage manager, then first assistant, and finally manager. He has an excellent chance of becoming general manager in his Senior year. Candidates will meet the present manager in the Show office at four o'clock today.

CHEMICAL SOCIETY

The first Chemical Society talk of this term will be held tonight at 7:45 in room 21 B. Mr. D. W. Bigelow of Washington, D. C., chief chemist of the National Cancer Association will give the talk on "Treaties of a Research Chemist."

1917 BALLOT COMMITTEE

The Ballot Committee for the 1917 Electoral Committee has been appointed, and is as follows: W. A. Wood, chairman; R. O. Lowenhard, and R. S. Stevens.
