FIRST REHEARSAL FOR THE NEW TECH SHOW

Record Number Of Candidates Out Under Supervision Of New Coach.

Saturday afternoon Tech Show 1915 started in real earnest with the largest number of candidates out for a first rehearsal that a Tech Show has ever seen. All departments were busy for an hour and a half, and the men out for the cast rehearsed all the afternoon under the supervision of Mr. Bancroft, new coach.

Several of the parts are extremely popular, and the contestants finally chosen will be compelled to work hard for their places. A premium is to be placed on regularity and promptness of attendance at rehearsals, and no consideration is to be shown men who are consistently absent or late.

It was announced that the chorus is to have its first Tech rehearsal Tuesday afternoon, and that new candidates for this and for the cast are expected to arrive as early as possible to have their voices tried out. The dancers listened to a short explanatory talk by J. R. Moreau, of "A Royal Johnnie," who is to have charge of the dancing in "Getting Across." Eleven men had already reported to him, but as there are to be a number of dances in the (Continued on Page Three)

MARCH MONTHLY OUT

Eighth Issue To Be Placed On Sale Wednesday.

"Technical School Graduates in the Railroad Business," by Howard El-Boutte, is the leading article in the March issue of the Technology Monthly, which will appear the middle of the week. The issue also contains three articles on the Hockey trip to Boston, and the showing of the freshmen and the senior class on Tech's Saturday evening, which was reported to him, but as

OBITUARY NOTICE

Ross Sterling Turner, famous manager of the watercolor institute at the Institute, died last Friday at Naraoo, Bahanas Island, of heart failure. He left them three weeks ago in poor health. Mr. Turner was born in Salem in 1871, came to Salem as a boy and had always lived in his home. He bequeathed all and two sons.

LOWELL WINS MEET

Freshmen Take Only Three First Places.

The Freshman Track Team was badly defeated by Lowell High School last Saturday night, the latter winning by the score of 23-3 to 21-1. The mile race featured the meet for a new record, was established by Randall of Lowell. Harvard, East and Buchanen did the best work for the freshmen and the showing of the whole team under the circumstances was not bad as the score indicated.

ANDOVER VICTORIOUS

Technology Swimming Team Is Badly Defeated.

The Phillips Andover Swimming team had very little trouble in taking all first places in the swimming meet last Saturday afternoon, for the Andover team proceeded in totalizing only 9 points against 41 of Andover's. Memorial of Tech and Pittsfield of Andover had a close race in the fifty yard swim, the latter winning by a small margin.

SPECIAL PICTURE

The Techents picture of the Senior Executive Committee will be taken at Notman's on Monday, February 15, at 1:00 P. M.

EXCELLENT ENTERTAINMENT IS EXPECTED TOMORROW EVENING

"Hard Knocks" and "The Bluffer" Will Be Presented at Junior Dinner—Illustrated Songs are Creating Much Curiosity.

A few weeks ago the class of 1916 furnished amusement and information to the honorable members of the faculty in various periods of two or three hours; and now come of the faculty, to prove that they bear no malice toward their unhappy victim. In the last issue of the "New Haven Railroad Business," by Howard El-Boutte, it will be revealed that the Tech Show is to have charge of the dancing in "Getting A-Cross." Eleven men have been chosen to meet the Junior Class tomorrow evening at the Union as if they had all made in.

Dr. Dewey, with his ready good humor, was the first to offer to be sole old grievances. "Tell the boys," he said to the Committee, "that is to speak on the subject of "Hard Knocks." Last month I was obliged, much against my will, to give some of those to the Polly Conne students, but tell them that the ready wit and keen sarcasm which I shall display at the dinner will more than compensate for any disagreeable memory they may have felt."

Next came Dean Burton with a suggestion that was entirely novel to the Committee. Although they are juniors in the Massachusetts Institute of Technology, here is a sub-ject about which they know nothing, and about which they felt the class was even less. The Dean's subject is "The Bluffer."

It has not yet been ascertained whether the instructor was meant to interview Prof. Hayward gathered any information about the Professor's speech. He said merely that Prof. Hayward shared the spirit of good hard feeling and join the celebration. "But only to men of English or French descent. That is no reason why I should deprive the many worthy German juniors of my society, so I shall be present. I must, however, be excused from singing "Tipperary.""

The subject of Mr. Blackborne's words must remain shrouded in mystery, as the Committee has decided not to have "Millers" on the program. As an substitute an entirely neutral set of words has been provided for the same time. Here we have the voices tuned up, the class, with I. D. McDaniel at the piano, will launch off into more classic music, which the Committee has arranged to have illustrated.

The program is the one that has been passed upon by the faculty and the Committee for the great event. It was said merely that Prof. Tickets may be obtained at the Union as if they had all made in.

STORY OF SUBMARINES

Prof. Hovgaard To Lecture For The Society Of Arts.

Knowing the intense popular interest excited by the war in submarines, the Society of Arts, which is one of the groups of educational features of the Massachusetts Institute of Technology, invited the public of Boston to its lecture on this subject this evening. The speaker will be Professor William Hovgaard, professor of Naval Design and Construction at the Institute, who was formerly Commander in the Royal Danish navy. Professor Hovgaard is a recognized authority in this interesting matter and will illustrate his paper by means of lantern views. The lecture will take place at eight o'clock in Huntington Hall. No tickets are necessary.

6.30--1917 Class Dinner. Union.
5.45--Gym Team Practice. Gyn.
6.30--3908 Class Dinner. Union.

PRICE THREE CENTS

Such Is Sentiment Expressed By Bunker Plunkett Imminently.

This Senior Portfolio section of Technique 1915 is going to be nothing but a joke purported by the Senior Class on Technique and all purchasers and readers of that issue. Such was the comment heard Saturday evening from the lips of one of the Institute's most prominent men. "What a monstrous farse," he said, "to give the name of Senior Portfolio section to a portion of the book, containing the pictures and statistics of only about one-fifth of the Seniors." "I have reliable information," he said, "and Technique's Portfolio Editor has assumed The Tech that it is correct." (Continued on Page Two)
