DIFFICULTIES OF THE
INDUSTRIAL CHEMIST

Chemical Society Listens To
Talk On Canning Industry
By W. D. Bigelow.

About forty members of the
Chemical Society heard the talk give-

en by Mr. W. D. Bigelow on the

canning industry last Friday evening.

Mr. Bigelow is chief chemist for the

National Canners Association. The

Association considered as its motto that,

every can that goes out is a re-

fection on the industry, according to

Mr. Bigelow. The speaker told of the
difficulties of finding the causes of

putrefaction or imperfect preser-

vation. Laxative is now used to abat-

ish the tin taste. The talk was full

of interesting details of the trade and

was well worth listening to.

CALL FOR CANDIDATES

There will be a meeting in the

lower office of "The Tech" on Wed-

nesday at 1:30 for all men who wish
to become candidates for either the
business or news board.

The Technology basketball team

was defeated Friday afternoon by

Penn State, 60-14, and again on Sat-

urday by Lehigh, 12-11.
