WRESTLING MEN HAVE HAD SUCCESSFUL SEASON

Although the prospects of the wrestling team at the beginning of the season were not as bright as they might have been, the aggregation has made an excellent showing this winter and have lived up to the reputation which the Technology wrestlers have made in the past. Meets have been held with most of the strongest colleges in this part of the country and went through the past two seasons without defeat, and up to the present point have maintained their reputation.

This year the squad lost five of last year's men by graduation and two men through injuries. Of those constituting the squad last year Smythe-Martin, Treat, Leigh, Means and Kelley were last year's captain, were have made in the past. Meets have been held with most of the strongest colleges in this part of the country and went through the past two seasons without defeat, and up to the present point have maintained their reputation.

Meets have been held with most of the strongest colleges in this part of the country and went through the past two seasons without defeat, and up to the present point have maintained their reputation.

The team has held the New England Intercollegiate championship for the past two years. The showing made against Brown this year was an excellent one despite the fact that Brown had practically the same team as last year. Last year Yale claimed the intercollegiate championship, but they wore easily disposed of by the Technology wrestlers, as was also Harvard. Berkeley, Y. M. C. A. was defeated twice, 5-3 and 64. Clapp Memorial 6 bouts to 2. At the Brown meet a fall count of 115 lb. class, Bond and Mertz made the second team last year have lost by graduation. Besides these last year's men by graduation and those making the squad last year have maintained their reputation.

The mak-up of the long relay for Saturday night has not been definitely announced, but Allan, Cook, Bruck and Hamilton look best for places at present. Coaching is easily the fastest teams in the country at the distance. Teacher, Lumpy and Green are all men able to run the half in two minutes or better. Coach Kansky will have a well-balanced at team somewhat inexperienced team, which will force the Green aggregation all the way.

In addition to the two relays, a number of individual entries have been sent in for the Providence meet. O'Hara, Wilson and Lucius will all start from scratch in the dash, and any one of them is apt to move out first place.

is in charge of all branches of athletics at the Washington University, can be relied upon to send a fast quartet to the mark.

At Providence the distance for the short relay will be 352 yards to the mark, and judging by the showing Cornell made against Harvard, Tech should start a decided favorite. The Cornell men, however, were unable to negotiate the corners on the Mechanics Building track, and will run a much faster race on the ten-lap track at Providence.
