mile in which Hamilton of Technology will race forth of Andover. Kwan is exceptionally fast in the short dashes and can be depended upon to win his event. Avery and Justheim have given a good account of themselves in the three hundred yard run. Earl seems like the best man in the mile run, although the freshmen are seriously handicapped by the loss of Steven, who strained a tendon in the Lowell meet. Although rather weak in the hundred yard run. Earl seems like the best man in the high jump.

The following men will make the trip and will report at the North Station Saturday morning to get the 12:35 train for Andover: Kwan, Avery, Justheim, Red, Hamilton, Coward, Mumford, Earl, Bond, Campbell, Brown, Gulano, Turner, Appleton, Buchanan, Wallace and Rundell.

1917 VS. 1918

The second year men, Sullivan, Doon and Gokey tying for first place.
