FRESHMAN DINNER

Plans Under Way For A Record-Breaking Affair.

The date for the freshman dinner has been set as April 15th, and plans are under way for a lively affair which will bring a record-breaking attendance. While the arrangements have not all been completed, there is reliable information to the effect that a novel and unique entertainment is to be provided. The speaking will be confined to a few very good talks, and the list of speakers will probably include: Dean Burton, Mr. Black- stein, Major Cole, Coach Kanny, and C. W. Loomis, '16.

FURTHER DISCUSSION

Forum Will Conduct Another Open Debate.

The open discussion meeting on "Militarism," held last Friday noon under the auspices of the M. I. T. Forum, was deemed so successful that it will be continued at 11:55 a.m. next Friday. At three men attended the first debate and are interested without any ill-feeling was evinced by the large number who gave their views. The Forum expects even more interest in the meeting next Friday.

Technology's 156 lb. wrestler, Ping Yut Loo, is attracting quite a lot of attention outside of school by his stelllar work.

DR. O'BRIEN SPEAKS TO CATHOLIC CLUB
Members Hear Interesting Talk On Medicinal And Pure Food Subjects.

On Thursday of last week a number of members of the Catholic Club had the opportunity of hearing an instructive talk on "Drugs and Their Relation to Health." The speaker, Dr. T. J. O'Brien, is a doctor on the staff of the Massachusetts State Hospital. The subject was made most interestingly explained. How the United States government has felt it necessary to dictate and regulate the manufacture, sale, and distribution of drugs was made clear by the telling of numerous abuses committed by certain unscrupulous, who, profiting by the ignorance of the public, have made themselves rich selling sugar pills with an attractive name. To remedy this evil the prominent doctors of the country assembled every year and publish what is called the "Pharmacopeia," in which book are explained in detail the formulas for the manufacture and use of drugs in the United States. Any doctor prescribing illegal medicines is liable to heavy fine or imprisonment.

At the close of his address Dr. O'Brien denounced the ideas of some who, affirming that certain mysticisms are useful, have been using sugar pills to alleviate certain diseases. He also referred to the cases of Indians who, when Indians get sick we call a white doctor, we are given such a mixture as a cure, and, if it doesn't, we say it is the fault of the medicine.

JOINT SOCIAL

The Banjo Club will give several selections at a Students' Social to be given in the Union Congregational church tomorrow evening at eight o'clock. This affair is given under the auspices of the students from M. I. T., Simmons, Knitron, Harvard, etc. The Double Quartet from Simmons will render a number of vocal selections while Miss Lyndon, a professional reader, will recite in negro dialect. Following the program refreshments will be served. Tech men are cordially invited to attend.

The whole affair will be informal and no admission is to be charged. Union church is located at the corner of Columbus avenue and West Newton street.

ARCHITECTS' SMOKER

The Architectural Society will hold a smoker next Friday evening at eight o'clock in 62 Pierce Building. Mr. L. C. Rendall, who was the architect of the Boston City Club, will speak. His subject has not yet been announced and there is a possibility that there may be another speaker.
